It is my great pleasure to present the City of Palmerston Arts Strategy. The creative and cultural life of Palmerston is a very important part of the future of this growing and dynamic City. Artists are vital to the lifeblood of our community. The City of Palmerston aims to play a crucial role in developing opportunities for artists and to create access to the arts for all members of our socially and culturally diverse community. The need for a strategic and considered pathway to enhancing and building Palmerston as a place for artists and art was voiced loudly by our community during the extensive consultation that has taken place to develop this Strategy. I am delighted to see the City of Palmerston embrace the arts and place an enhanced focus on the value of art and culture to our City. The Strategy will assist us to increase participation and engagement in arts, culture and heritage. We are in a unique position within our own history to grow into a place that engages with art and culture as our everyday norm. This Strategy includes important actions to recognise Aboriginal culture along with multicultural groups and organisations. It provides avenues to improve our places and spaces and outlines strategic partnerships that will enable us to grow together, with all the community’s aspirations intermixed to result in a sustainable, proud and colourful City.

Ian Abbott
Mayor of Palmerston

Artists are vital to the lifeblood of our community
INTRODUCTION

The languages of the arts can breakdown social, racial and economic barriers. They are a medium for the expression of feelings, strengths and ideas to reflect the individual artist and the community. Art is a fundamental human behaviour.

It is acknowledged that arts and culture play a significant role in community wellbeing, particularly in the areas of vibrant community, social cohesion and community capacity building, and cultural identity and expression. The arts play a critical role in determining a ‘sense of place’ and can act as a catalyst for generating social activity and creating memorable places.

The Palmerston Arts Strategy 2016 - 2021 (the Strategy) demonstrates Council’s commitment to arts and culture. It builds on the City’s strategic urban planning by providing a strategic action framework for dynamic and meaningful arts initiatives, inviting the community to both lead the way and participate.

TheStrategy is a vehicle to bring the people of Palmerston together to build a shared vision and future and is facilitated and supported by a whole of organisation approach to achieving quality outcomes. It has been collaboratively designed with the diverse communities of Palmerston and will contribute to the vision of ‘City of Opportunity’.

The Strategy will be monitored annually and comprehensively reviewed in 2019.

The Palmerston Arts Strategy 2016 - 2021 (the Strategy) demonstrates Council’s commitment to arts and culture.

**DIRECTION** | **STRATEGIC DOCUMENT** | **STATEMENT ON ARTS AND CULTURE**  

**Public Art Policy 2010 Arts and Culture Discussion Paper 2015 (to inform Arts and Culture Policy currently in development)** | The Northern Territory Government embraces public art as a rich, multi-layered interpretation of the Northern Territory’s built and cultural heritage, natural environment and dynamic community represented through innovative, excellent and relevant artistic practice in well designed community spaces. The Northern Territory is a creative, culturally rich and diverse community with world renowned artists and an incredible range of arts and cultural experiences, venues, festivals and events for locals and visitors to enjoy and participate in across the Territory. The significance of Aboriginal arts and culture in the Northern Territory is acknowledged, valued and respected and integral to the cultural diversity of the Territory. Arts and culture are an essential element of our Territory lifestyle, enriching the lives of all Territorians and contributing to our creative, social and economic development. |

**Municipal Plan 2015-2020** | Key statement: We are committed to the fostering and promotion of arts and culture within our community, the awareness and promotion of our local history, and advocacy for increased cultural resources. Arts and Culture KPI rose from 86% in 2013 to 111% in 2014, demonstrating community satisfaction with Council’s performance in this area  

**City Centre Master Plan (2015)** | In the context of continuing growth, Council has proactively undertaken significant strategic planning, including the City Centre Master Plan and accompanying Public Realm Strategy. This has driven Council’s investment in place development initiatives that benefit the wider community through improvements to the CBD. These signature projects, including Stage 1 of The Boulevard Redevelopment and Goyder Square Stage 2 Redevelopment aim to invite new commercial and retail businesses back into the heart of the city and provide spaces for arts led activation that will build social fabric and cohesion. In addition to these Council led capital improvements, a collaborative approach with developers aims to provide the types of community facilities and amenity that support a strong and vibrant culture, such as well developed open space areas incorporating parks, playgrounds and walking paths. |
### DIRECTION | STRATEGIC DOCUMENT | STATEMENT ON ARTS AND CULTURE
--- | --- | ---
Palmerston City Centre Public Realm and Subdivision – Great Streets Strategy | Cities gain identity through their public art. With a thought through public art strategy you can make places with personality, create a connection between the user and the space, and provide a city with a national and international identity. For the city, the art can provide cultural, social and economic revenue, and opens dialogue between citizens and decision makers, through engagement in the built form. Public art is noted as a key strategy in streetscape design. |  
Development Guideline 2015 | This document provides an overview of approvals and permits required for development and provide minimum standards acceptable to CoP for the planning of new development, including requirements for public art and/or contributors. |  
Arts and Culture Policy (2008) | Defines an approach to arts and culture, which honours heritage by promoting harmony, respect and the sharing of knowledge across cultures and communities. The City of Palmerston will actively encourage and foster an innovative arts and cultural environment within the municipality by:  - Supporting a range of creative arts and cultural activities for the community.  - Encouraging all groups involved in the arts and culture services to work cooperatively and collaboratively.  - Ensuring that community information about arts and cultural events is freely available  - Encouraging public participation in the development and implementation of arts and cultural activities  - Developing excellence, providing skills and professional development opportunities, to innovative works and exposing audiences to new art forms. |  

Other documents considered in the development of the Strategy include:  - City of Palmerston Sustainability Strategy  - City of Palmerston Disability Access Strategy  - COPAL Palmerston Parks and Playgrounds  - City of Palmerston Community Consultation Policy  - City of Palmerston Annual Report 2014 – 2015

### CONSULTATION

A snapshot of the people of Palmerston reveals:

- A variety of meetings, interviews, focus groups, presentations and workshops were held to ensure that diverse sections of community were meaningfully engaged and that their aspirations and ideas were at the centre of the Strategy.

A forum on ‘Public Art - Collaboration’ sought input from people interested in art works for the public realm in Palmerston, to explore ways artists create work for public spaces and to understand how to develop and support artistic intervention in Palmerston. A panel that included a landscape architect, an architect, artists, a public arts facilitator and a cultural planner offered a range of insights and experiences to stimulate the discussion.

Young families contributed valuable conversations and input to the strategy during an arts activity at Palmerston Library facilitated by a local artist.

As part of the engagement, 167 people responded to a survey which explored involvement in the arts including levels of interest, art form, barriers to participation and educational qualifications. The survey also asked open questions to get personal and anecdotal feedback.
WHAT YOU TOLD US

Of respondents were members of one or several community organisations, Tactile Arts, Darwin Community Arts and Darwin Visual Arts Association being the most common. Participants were asked to rate their interest in a selection of art forms – although there was a fair spread of interest across the categories, Live Music, Music in all Forms and Festivals were the highest rated, of respondents were actively involved in the arts as both Maker/Creator and Audience Member and were asked more specific questions about their arts practice. This indicated a dominance of craft practitioners, musicians and painters/visual artists, a number of writers, photographers, performers and dancers and a smattering of performers, graphic artists, teachers, and film-makers in the community.

Approximately of these respondents hold educational qualifications from school, TAFE or University, with % practicing at home and % describing themselves as ‘artistically ambitious’.

Out of all respondents, nearly % are participating in arts activity on a daily or weekly basis. When asked to identify any barriers to participation, the strongest responses were ‘Don’t know what’s on’ (%), ‘Cost’ (%), ‘Lack of facilities/venue suitability’ (%) and ‘Lack of events/opportunities’ (%). In terms of communication, ‘Friends’ and ‘Internet’ were the most common ways that respondents found out about arts activities.

Significantly, % of respondents agreed that ‘Planning for more places to create and experience the arts is important to community life and well being in Palmerston’.

The community was asked what kinds of stories they would like to tell and be told about Palmerston through public art and community arts projects in the public realm.

Both seniors and youth told us that the Northern Territory is at a dynamic stage in its development, instilling a sense of adventure and that there is a need to tell stories about ‘remote Palmerston’.

A celebration of Palmerston’s diverse cultural mix was also strongly supported, with Larrakia and indigenous culture alongside stories of European and multicultural settlement. It was suggested that community stories including how the suburbs of Palmerston were named and the personalities that they acknowledge could be interpreted to provide a deeper understanding and sense of place.

Military history, World War 2 bombings and defence of Australia’s Top End were seen as unique to the area. Environment was also strong, with the green spaces and parks of Palmerston seen as a community asset for enjoyment and interpretation.

ARTISTS AND ARTS GROUPS

The survey indicated the majority of artists in Palmerston maintained practice in crafts, painting and music.

There are a number of non profit and commercial arts businesses producing and presenting arts programs, developing the arts and cultural industries, supporting community cultural development and raising the profile of NT arts to national and international audiences. Of these, Darwin based groups such as Corrugated Iron and Tactile Arts currently provide workshops in Palmerston, whilst Darwin Community Arts have also been involved over a number of years. Palmerston is home to the Palmerston Own Writers, Palmerston Dance Club, Palmerston Ballet School, Palmerston Hobby Ceramics and Art Antics (specialising in art for children). Consultation also revealed over five Facebook member groups for crafts and photographers.

VENUES

Artists work predominantly in home studios, and many conduct classes in visual arts and crafts in these studios. Craft classes are offered at the Joy Anderson Centre and Gray Community Hall. Craft sessions are held at ‘Pam’s Place’, with a focus on thrift and recycled materials. The Men’s Shed is a community workshop area for men to gather, develop skills, and undertake different activities.

There is currently no suitably equipped exhibition or arts workshop space in Palmerston, however the new Neighborhood Centre in Durack Heights has the potential to be such a venue. The Family and Culture Centre in Palmerston is managed by Larrakia Nation and offers suitable dry workshop and meeting space for hire. Tactile Arts regularly hold workshops in the community room at the Palmerston Library. Local artists participate in the annual Art Trail event in the outer Palmerston region and showcase their work at markets and galleries in the territory and beyond. The foyer of the Civic Centre has the potential to be used as an informal display area with the addition of an adequate display system.

Dance classes are held weekly at Gray Community Hall. The Palmerston Tavern has live music three nights a week. A recording studio has been set up in a home in Palmerston, which is said to be the only one of its kind in the Greater Darwin Area.

The City of Palmerston manages over 100 parks scattered throughout the city, with a variety of facilities including playground equipment, BBQs and recreational facilities. Of these, Marlow Lagoon Recreation Area has the capacity to stage large multi stage events, as demonstrated by the Palmerston Festival 2015. It has an area large enough to host the Darwin Symphony Orchestra. Sanctuary Lakes in Gunn has a grassed amphitheater area that looks out onto one of the three lakes and is used for a range of arts, culture and family events. Both parks have toilets.
and BBQ areas. Goyder Square in the CBD is a new park in front of the Palmerston Library. It has a large LCD screen, night lighting, a water play area and new infrastructure for the Palmerston Markets.

The City has developed a Community Infrastructure Plan that is currently in draft form.

PUBLIC ART

The City of Palmerston has approximately twenty art works in the public realm. These include permanent and temporary art works, fountains and memorials. Developers have commissioned a number of works situated in parks, others have been commissioned as artist led community projects associated with targeted Federal, Territory or City funding. The City does not have an acquisition policy to guide commissions or donations. Several of the works are in disrepair and a conservation audit of works has not been undertaken to date. A Public Art Register, although incomplete, has been developed as part of the Cultural Audit and provides a template to document permanent and temporary art works in the public realm. The Public Art Register includes a maintenance schedule and is intended as a working document to be used as a key tool in the management of the City’s public art collection.

There is considerable opportunity to build professional capacity amongst local artists to deliver quality permanent public art works. There is a desire by developers and landscape architects to include public art in open space.

The Arts and Culture Policy defines Public Art as

- Temporary and permanent (may include durational or performance works)
- Inside or outside
- 3 dimensional; or 2 dimensional
- Engage one or more of the senses
- Incorporate elements form any or all of the arts, crafts and design
- Integrated as part of an environment or structure such as buildings, paving, street furniture, handrails, fencing, lighting or other feature
- Stand alone
- Created by a single artist or a team of appropriate design professionals in collaboration with an artist or in collaboration with members of the community through a community cultural development process
- Site specific
- Ephemeral

ISSUES AND OPPORTUNITIES

Issues and opportunities have been identified through engagement with community, arts organisations and the City of Palmerston staff, Executive and Elected Members. Issues and opportunities can be regarded as being interchangeable, as an issue can present an opportunity for focus and resolution in positive ways. They have been integrated and addressed in the Strategy and Action Plan.

- There is a need to enhance the perception of Palmerston, to build a unique cultural identity and to foster pride in living in the area.
- Communication and connectivity is limited amongst artists and arts groups, leading to unrealised potential and opportunities.
- Skills development and support is needed to activate community leadership and involvement in the arts.
- There are limited indoor and outdoor venues for arts practice, celebration and gathering groups together, and these are often unsuitable for these purposes.
- Arts and culture needs to be embedded in roles and responsibilities across the organisation to enable the successful implementation of the Arts Strategy. This is an opportunity for integrated planning, streamlined processes and procedures that lead to better outcomes and increased community satisfaction.
- The Arts Strategy should build on, align with and complement existing urban planning, development design guidelines and policies, to complete capital works in the city centre and surrounding areas.
- Meaningful community engagement and involvement in the arts is vital for the success for the Arts Strategy; this requires support and adequate resourcing.
- Arts are effective in bringing the community together and telling the stories of Palmerston – as 85% of event programs are arts and culture related, there is an opportunity for planning, programming and engagement of artists at local events as providers of content.
ARTS STRATEGY OVERVIEW

The Strategy sets out goals and actions to be achieved through collaborative planning and strategic partnerships. It identifies strategic programs and projects for all art forms and includes arts initiatives for future capital works and developments.

FUNDING AND RESOURCES

The most sustainable approach to the Strategy is to utilise and add value to existing resources and to collaborate with others to achieve shared goals. There are a range of funding opportunities both internal and external. External funding opportunities have been identified in the Action Plan and Directory.

The Strategy aims to engage and connect Council staff in a whole of organisation approach to success. Whilst the Community Development Directorate holds primary responsibility for implementation of the Strategy, there is a unique opportunity for all staff to collaborate on its initiatives to meet goals and objectives of the Municipal Plan and other key strategic documents. It is intended that the objectives of the Strategy are built into work plans and budgets across the organisation, where specific expertise and responsibility are held.

Public Art projects will be funded in accordance with the City’s Arts and Culture Policy definition of public art and states:

- $10,000 should be allocated from the Council’s annual budget, for the creation and ongoing maintenance of Public Art
- A minimum amount of 2% of the Council’s total expenditure in the capital works program should go directly towards the commissioning works of public art to be included in each project where that project is over $250,000. (This excludes Council roadwork reserves). Included in this Policy are Council initiated projects; Community projects on land/space owned/managed by Council; Extensions and major refurbishments to existing buildings; Street furniture or other major constructed public space amenities: Fixtures and fittings such as bike racks, rubbish bins etc; playgrounds; landscape works.
- Developer Contribution Plans where-by the Developer shall either provide public art to the satisfaction of Council or provide a combination equal to 5 percent of the overall cost of open space development. Private or commercial businesses should also be encouraged to apply the 2% policy, although not mandatory.
- State and Federal funding through the annual grants programs provided by Arts NT, Australia Council, or any other source connected to the arts, community, youth, seniors, heritage or urban design and provision of amenities.
- Corporate partnerships and sponsorship.

A Directory of Arts and Cultural Resources has been provided to staff for direction and guidance.
