CITY OF PALMERSTON

Notice of Council Meeting
To be held in Council Chambers, Civic Plaza, Palmerston
On Tuesday, 3 May 2016 at 6:30pm

AGENDA

Audio Disclaimer
An audio recording of this meeting is being made for minute taking purposes as authorised by City of Palmerston Policy MEE3 Recording of Meetings, available on Council's Website.

1. PRESENT

2. APOLOGIES

3. CONFIRMATION OF MINUTES

RECOMMENDATION

1. THAT the minutes of the Special Council Meeting held Friday, 15 April 2016 pages 8535 to 8536, be confirmed.

2. THAT the minutes of the Council Meeting held Tuesday, 19 April 2016 pages 8537 to 8561, be confirmed.

3. THAT the Confidential minutes of the Council Meeting held Tuesday, 19 April 2016 pages 218 to 232, be confirmed.

4. MAYOR’S REPORT M8-21

5. REPORT OF DELEGATES

6. QUESTIONS (WITHOUT DEBATE) FOR WHICH NOTICE HAS BEEN GIVEN

7. QUESTIONS (WITHOUT DEBATE) FOR WHICH NOTICE HAS NOT BEEN GIVEN

8. PETITIONS
9. DEPUTATIONS / PRESENTATIONS

10. CONSIDERATION OF MOTIONS FOR WHICH NOTICE HAS BEEN GIVEN

11. COMMITTEE RECOMMENDATIONS

11.1 Governance and Organisation

Nil

11.2 Economic Development and Infrastructure

Nil

11.3 Community Culture and Environment

12. INFORMATION AGENDA

12.1 Items for Exclusion

12.2 Receipt of Information Reports

RECOMMENDATION

THAT the information items contained within the Information Agenda, be received.

12.3 Officer Reports

12.3.1 Action Report 8/0867

13. DEBATE AGENDA

13.1 Officer Reports

Nil

14. CORRESPONDENCE

14.1 Notification of proposal to deploy new Mobile Phone Base Station at existing telecommunications facility an existing 30m Monopole
15. RESPONSE TO PREVIOUS QUESTIONS TAKEN ON NOTICE

16. PUBLIC QUESTION TIME
   At the invitation of the Chair

17. OTHER BUSINESS – ALDERMAN REPORTS

   By-law 14(8) provides that the Chairman must not accept a motion without notice if the effect of the motion would, if carried, be to incur expenditure in excess of $1,000 unless

   a) the motion relates to the subject matter of a committee’s or sub committee’s recommendations (as the case may be, or an officer’s report that is listed for consideration on the business paper; or

   b) the matter is urgent

18. CONFIDENTIAL REPORTS

18.1 Presentation – Proposed Development & City Centre Master Plan

   RECOMMENDATION

   1. THAT pursuant to Section 65 of the Local Government Act, Council orders that the public be excluded from the meeting with the exception of the Chief Executive Officer, Director of Technical Services, Director of Corporate and Community Services, Minute Secretary and the LK Athanasiou Group on the basis that Council considers it necessary and appropriate to act in a manner closed to the public in order to receive, discuss and consider the presentation in relation to confidential agenda item 18.1 Presentation – Proposed Development & City Centre Master Plan and that Council is satisfied that the meeting should be conducted in a place open to the public is outweighed in relation to the matter because receiving, considering and discussing the report and associated documentation involves:

      (c) information that would, if publicly disclosed, be likely to:

         (i) cause commercial prejudice to, or confer an unfair commercial advantage on, any person; or

   This item is considered confidential pursuant to Regulation 8 (c)(i) of the Local Government (Administration) Regulations.

   2. THAT Council orders that the minutes from the Confidential Council meeting held on 3 May 2016, in relation to confidential item number 18.1 Presentation – Proposed Development & City Centre Master Plan and presentation remain confidential.
18.2 Sale of Land 10024, Palmerston Circuit, Palmerston - Update

RECOMMENDATION

2. THAT pursuant to Section 65 of the Local Government Act, Council orders that the public be excluded from the meeting with the exception of the Chief Executive Officer, Director of Technical Services, Director of Corporate and Community Services and Minute Secretary on the basis that Council considers it necessary and appropriate to act in a manner closed to the public in order to receive, discuss and consider the report and associated documents in relation to confidential agenda item 18.2 Sale of Land 10024, Palmerston Circuit, Palmerston - Update and that Council is satisfied that the meeting should be conducted in a place open to the public is outweighed in relation to the matter because receiving, considering and discussing the report and associated documentation involves:

(c) information that would, if publicly disclosed, be likely to:

(i) cause commercial prejudice to, or confer an unfair commercial advantage on, any person; or

This item is considered confidential pursuant to Regulation 8 (c)(i) of the Local Government (Administration) Regulations.

2. THAT Council orders that the minutes from the Confidential Council meeting held on 3 May 2016, in relation to confidential item number 18.2 Sale of Land 10024, Palmerston Circuit, Palmerston - Update and the and the report and associated documentation remain confidential and not available for public inspection.

19. CLOSURE

Ricki Bruhn
Chief Executive Officer

Any member of Council who may have a conflict of interest, or a possible conflict of interest in regard to any item of business to be discussed at a Council meeting or a Committee meeting should declare that conflict of interest to enable Council to manage the conflict and resolve it in accordance with its obligations under the Local Government Act and its policies regarding the same.
Summary:

My report provides Council with an update on recent meetings or events of interest to Elected Members.

General:

Friday, 15 April 2016
- Chaired the Special Council Meeting

Saturday, 16 April 2016
- Freedom of Entry
- Attended the 2016 Young Achiever Awards, Gala Presentation Dinner

Sunday, 17 April 2016
- Attended the Red Carpet Investor Forum

Tuesday, 19 April 2016
- Chaired the Ordinary Council Meeting
- Attended an Elected Member Workshop on Long Term Financial Planning

Thursday, 21 April 2016
- Attended the Palmerston Safe Communities Committee Meeting
- Radio Interview with Territory FM
- Attended an Elected Member Workshop

Friday, 22 April 2016
- Attended the Anzac Assembly at Durack School
- Attended the Anzac Day Ceremony at Palmerston Senior College
- Anzac Day Briefing with Clayton Richards, Treasurer Palmerston RSL

Monday, 25 April 2016
- Partook in ANZAC Day 2016
Forwarding Schedule:

19 – 22 June 2016

I will be on Council Business attending the Australia Local Government Association – National General Assembly in Canberra.

RECOMMENDATION

2. THAT Council note my apology for the Ordinary Council Meeting Scheduled for Tuesday, 21 June 2016.

Recommending Officer: Ian Abbott, Mayor

Any queries on this report may be directed to Ian Abbott on telephone (08) 8935 9902 or email ian.abbott@palmerston.nt.gov.au

20 April 2016

Mr Ricki Bruhn
Chief Executive Officer
Palmerston Municipality
Civic Plaza, First Floor
2 Chung Wah Terrace
Palmerston, NT, 0831

Dear Mr Bruhn,

Notification of proposal to deploy new Mobile Phone Base Station at existing telecommunications facility on existing 30m Monopole at 32 Baldwin Drive WOODROFFE NT 0830

I am writing on behalf of Optus to inform you of a proposal to deploy a mobile phone base station at an existing telecommunication site at the above address.

Optus proposes the upgrade a new mobile network facility (base station) including three (3) antenna that will host 4G technology to provide improved mobile network coverage in the American River area.

The proposal will consist of affixing three (3) new antennas, each less than 2.8 metres in length attached to the existing tower, installation of 15 new Remote Radio Units, new equipment shelter and other ancillary equipment.

The proposed infrastructure will be in compliance with the ACMA EMR regulatory arrangements. The maximum accumulative EME level at 1.5m Above Ground Level is estimated to be 0.97 % of the ARPANSA Public Exposure Limits.¹

Optus is required to publish information about the proposed facility in a newspaper circulating in the local area. Accordingly, a notice will be published in the NT News on Thursday 21 April 2016.

Optus considers that this proposed facility does not require Council approval because it is a low impact facility. Please refer to the attached table for further information about the low impact classification.

Details about the proposed facility and its emissions can be found on the website at www.rfnsa.com.au by typing in RFNSA No. 0830007 or by contacting Daniel Hay from Daly International directly. All contact details are provided on the attached sheet.

As part of Optus’ notification process, we invite you to provide us with your feedback about this proposal. You can do this by contacting us as outlined in the attached table. We will accept comments on the proposal until Tuesday 10 May 2016.

¹ Please note that the terms EME and EMR are used interchangeably. Refer to the definitions section of the Code for more information.
We are happy to provide you with more details by phone or email as per details below.

We remind you that submissions about this proposal are due by Tuesday 10 May 2016 and look forward to receiving your feedback.

Yours sincerely,

Daniel Hay
Senior Town Planner
Daly International Pty Ltd

F7.2.1 Notification to Council – Existing Site, no DA
Environmental EME Report
32 Baldwin Drive, WOODROFFE NT 0830

This report provides a summary of Calculated RF EME Levels around the wireless base station

Date 2/3/2016 RFNSA Site No. 0830007

Introduction

The purpose of this report is to provide calculations of EME levels from the existing facilities at the site and any proposed additional facilities.

This report provides a summary of levels of radiofrequency (RF) electromagnetic energy (EME) around the wireless base station at 32 Baldwin Drive WOODROFFE NT 0830. These levels have been calculated by Huawei using methodology developed by the Australian Radiation Protection and Nuclear Safety Agency (ARPANSA).

The maximum EME level calculated for the existing systems at this site is 0.49% of the public exposure limit and with proposed alterations to this site the calculated maximum EME level will be 0.97% of the public exposure limit.

The ARPANSA Standard

ARPANSA, an Australian Government agency in the Health and Ageing portfolio, has established a Radiation Protection Standard specifying limits for general public exposure to RF transmissions at frequencies used by wireless base stations. The Australian Communications and Media Authority (ACMA) mandates the exposure limits of the ARPANSA Standard.

How the EME is calculated in this report

The procedure used for these calculations is documented in the ARPANSA Technical Report “Radio Frequency EME Exposure Levels - Prediction Methodologies” which is available at http://www.arpansa.gov.au.

RF EME values are calculated at 1.5m above ground at various distances from the base station, assuming level ground.

The estimate is based on worst-case scenario, including:
- wireless base station transmitters for mobile and broadband data operating at maximum power
- simultaneous telephone calls and data transmission
- an unobstructed line of sight view to the antennas.

In practice, exposures are usually lower because:
- the presence of buildings, trees and other features of the environment reduces signal strength
- the base station automatically adjusts transmit power to the minimum required.

Maximum EME levels are estimated in 360° circular bands out to 500m from the base station.

These levels are cumulative and take into account emissions from all mobile phone antennas at this site. The EME levels are presented in three different units:
- volts per metre (V/m) – the electric field component of the RF wave
- milliwatts per square metre (mW/m²) – the power density (or rate of flow of RF energy per unit area)
- percentage (%) of the ARPANSA Standard public exposure limit (the public exposure limit = 100%).

Results

The maximum EME level calculated for the existing systems at this site is 3.35 V/m; equivalent to 29.85 mW/m² or 0.49% of the public exposure limit.

The maximum EME level calculated for the existing and proposed systems at this site is 4.93 V/m; equivalent to 64.59 mW/m² or 0.97% of the public exposure limit.
Radio Systems at the Site

This base station currently has equipment for transmitting the following services:

<table>
<thead>
<tr>
<th>Carrier</th>
<th>Radio Systems</th>
</tr>
</thead>
<tbody>
<tr>
<td>Telstra</td>
<td>WCDMA850, LTE1800, LTE700</td>
</tr>
</tbody>
</table>

It is proposed that this base station will have equipment for transmitting the following services:

<table>
<thead>
<tr>
<th>Carrier</th>
<th>Radio Systems</th>
</tr>
</thead>
<tbody>
<tr>
<td>Telstra</td>
<td>WCDMA850, LTE1800, LTE700</td>
</tr>
<tr>
<td>Optus</td>
<td>LTE700 (proposed), WCDMA900 (proposed), WCDMA2100 (proposed), LTE2100 (proposed), LTE2600 (proposed)</td>
</tr>
</tbody>
</table>

Calculated EME Levels

This table provides calculations of RF EME at different distances from the base station for emissions from existing equipment alone and for emissions from existing equipment and proposed equipment combined.

<table>

</table>
RF EME Exposure Standard

The calculated EME levels in this report have been expressed as percentages of the ARPANSA RF Standard and this table shows the actual RF EME limits used for the frequency bands available. At frequencies below 2000 MHz the limits vary across the band and the limit has been determined at the Assessment Frequency indicated. The four exposure limit figures quoted are equivalent values expressed in different units – volts per metre (V/m), watts per square metre (W/m²), microwatts per square centimetre (µW/cm²) and milliwatts per square metre (mW/m²). Note: 1 W/m² = 100 µW/cm² = 1000 mW/m².

Further Information

The Australian Radiation Protection and Nuclear Safety Agency (ARPANSA) is a Federal Government agency incorporated under the Health and Ageing portfolio. ARPANSA is charged with responsibility for protecting the health and safety of people, and the environment, from the harmful effects of radiation (ionising and non-ionising). Information about RF EME can be accessed at the ARPANSA website, http://www.arpansa.gov.au, including:

- Further explanation of this report in the document “Understanding the ARPANSA Environmental EME Report”
- The procedure used for the calculations in this report is documented in the ARPANSA Technical Report; "Radio Frequency EME Exposure Levels - Prediction Methodologies"
- The current RF EME exposure standard

The Australian Communications and Media Authority (ACMA) is responsible for the regulation of broadcasting, radiocommunications, telecommunications and online content. Information on EME is available at http://emr.acma.gov.au.

Contact details for the Carriers (mobile phone companies) present at this site and the most recent version of this document are available online at the Radio Frequency National Site Archive, http://www.rfnsa.com.au.
