Summary:

This report presents to the Economic Development and Infrastructure (EDI) committee the estimated costs for fencing of playgrounds in parks that front collector, sub-arterial and arterial roads.

General:

At its ordinary meeting held on 1 September 2015, Council resolved that “a report be presented to the EDI committee detailing the costs for fencing of playgrounds in parks that front collector, sub-arterial and arterial roads”. Following the Council’s decision, staff have determined that there are 31 playgrounds in 31 parks across the municipality, that front either collector, sub-arterial or arterial roads.

Staff have measured the perimeter of each playground and calculated the costs required for fencing. As follows, three types of fences containing a pedestrian and vehicle access gates were considered for the costs estimation. The costs of the three options are presented in Attachment A.

A fourth option, galvanised standard safety fence, is also included in the Attachment which represents the cost of fencing under Council’s current period contracts.

Financial Implications:

As shown in Attachment A.

Summary:

Background:

The Local Government (Accounting) Regulations, prescribes that:

18 Financial reports to council

(1) The CEO must, in each month, lay before a meeting of the council a report, in a form approved by the council, setting out:
   (a) the actual income and expenditure of the council for the period from the commencement of the financial year up to the end of the previous month;
   (b) the forecast income and expenditure for the whole of the financial year.

(2) The report must include:
   (a) Details of all cash and investments held by the council (including money held in trust);
   (b) a statement on the debts owed to the council including the aggregate amount owed under each category with a general indication of the age of the debts;
   (c) other information required by the council.

If a council does not hold a meeting in a particular month, the report is to be laid before the council committee performing the council’s financial functions for the particular month.

General:

Financial Officers provide year to date financial information for the month ended 31 October 2015.

Financial Implications:

General:

At the ordinary meeting of Council held on Tuesday 3 November 2015, the Chair took two questions on notice during the ‘Public Question Time’ section. The questions asked and Council responses are as follows;

1. Athina Pascoe-Bell: The rate concession discussion, it says here you have not identified any other properties of the assessments that you have done, are you going to identify any other properties?

   Council does not have planning or building responsibilities and therefore does not hold information on improvements on land. With the data currently made available by the Northern Territory Government, Council cannot reliably identify properties zoned for Multiple Dwelling or Medium Residential purposes that are used as Single Dwellings across the Municipality.

2. Athina Pascoe-Bell: Would you be willing to accept some assistance to find those properties?

   Council appreciates the assistance offered with identifying properties that are used as Single Dwelling, whilst being zoned for Multiple Dwelling or Medium Residential purposes. As Council does not believe that those properties are rated incorrectly, additional information is unlikely to affect the amount of rates levied on these properties.
