Moved: Alderman Shutt
Seconded: Deputy Mayor McKinnon

1. THAThat Council receives Report Number 8/0749.

CARRIED 8/1690–06/10/2015

Moved: Alderman Bunker
Seconded: Alderman Carter

2. THAT Council grant a 50 percent rate concession for Lots 11025 and 2884 for the financial year 2015/16 pursuant to Section 167 of the Local Government Act.

CARRIED 8/1691–06/10/2015

14. CORRESPONDENCE

14.1 Streetlights Assets – Points of Clarification/Capital Charges

MEETING PROCEDURES

Suspension of Standing Orders

Moved: Alderman Bunker
Seconded: Alderman Carter

THAT standing orders be suspended for 30 minutes to allow for open discussion.

CARRIED 8/1692–06/10/2015

Standing orders were suspended at 7.55pm.
Reinstatement of Standing Orders

Moved: Alderman Carter
Seconded: Alderman Shutt

THAT standing orders be reinstated.

CARRIED 8/1693–06/10/2015

Standing orders were reinstated at 8.25pm

14.1 Streetlights Assets – Points of Clarification/Capital Charges (continued)

Moved: Alderman Byrne
Seconded: Alderman Carter

1. THAT Council receives correspondence ‘Streetlights Assets – Points of Clarification/Capital Charges’

CARRIED 8/1694–06/10/2015

Moved: Alderman Byrne
Seconded: Alderman Bunker

2. THAT a report be presented to Council regarding the following:-

- As the Power and Water Authority denies owning the asset, when a subdivision is signed off who actually signs for the ownership of the power poles;
- A legal opinion regarding depreciation if Power and Water Authority do not own the asset how can they charge depreciation on an asset they do not own;
- If a streetlight is over 20 years how can they charge depreciation on an item that is fully depreciated;
- Once a streetlight reaches 20 years will they consider the asset written down and not charge any further depreciation;
- Council is being charged on a per unit basis, can we work out what the actual cost per kilowatt is based on the running times of the light;
- Financial implications to ratepayers;
- Information to establish a committee/provide consultation with ratepayers on whether if the charge is levied they would like an increase in rates or a reduction in services or a combination of both. If it is a reduction of services then which services would they like to see reduced.

CARRIED UNANIMOUSLY 8/1695–06/10/2015
15. RESPONSE TO PREVIOUS QUESTIONS TAKEN ON NOTICE

15.1 Response to Previous Public Questions from Council Meeting held on 15 September 2015

Moved: Deputy Mayor McKinnon
Seconded: Alderman Shutt

THAT Council receives Report Number 8/0751.

CARRIED 8/1696–06/10/2015

16. PUBLIC QUESTION TIME

At the invitation of the Chair

Nil

17. OTHER BUSINESS - ALDERMAN REPORTS

Acceptance of late correspondence

Moved: Alderman Carter
Seconded: Alderman Bunker

THAT Council accept the late correspondence “Variation to DP15/0376 Lots 10026 (1 Palmerston Circuit) and 9635 (15 The Boulevard) Town of Palmerston”

CARRIED 8/1697–06/10/2015

17.1 Late Correspondence – Variation to DP15/0376 Lots 10026 (1 Palmerston Circuit) and 9635 (15 The Boulevard) Town of Palmerston

Moved: Alderman Bunker
Seconded: Alderman Shutt

THAT Council consents to the lodgement of a development application over Lot 9635 The Boulevard, Palmerston City by Randazzo Properties or their agent

CARRIED 8/1698–06/10/2015

17.2 Alderman Carter

Attended the September Citizenship Ceremony and Annual Cadet Presentation Ceremony.
18. CONFIDENTIAL REPORTS

Moved: Deputy Mayor McKinnon  
Seconded: Alderman Shutt

18.1 Application for Rate Concession by Sporting Group for Lot 11822  8/0748

RECOMMENDATION

1. THAT pursuant to Section 65 of the Local Government Act, Council orders that the public be excluded from the meeting with the exception of the Chief Executive Officer, Acting Director of Corporate Services, Acting Director of Community Services, Director of Technical Services and Minute Secretary on the basis that Council considers it necessary and appropriate to act in a manner closed to the public in order to receive, discuss and consider the report and associated documents in relation to confidential agenda item 18.1 Application for Rate Concession by Sporting Group for Lot 11822 and that Council is satisfied that the meeting should be conducted in a place open to the public is outweighed in relation to the matter because receiving, considering and discussing the report and associated documentation involves:

(e) information provided to the Council on condition that it be kept confidential

This item is considered confidential pursuant to Regulation 8 (e) of the Local Government (Administration) Regulations.

2. THAT Council orders that the minutes from the Confidential Council meeting held on 6 October 2015, in relation to confidential item number 18.1 Application for Rate Concession by Sporting Group for Lot 11822 to remain confidential for 4 years.

CARRIED 8/1699–06/10/2015

18.2 Application – Remission of Interest for Lot 6243  8/0750

RECOMMENDATION

2. THAT pursuant to Section 65 of the Local Government Act, Council orders that the public be excluded from the meeting with the exception of the Chief Executive Officer, Acting Director of Corporate Services, Acting Director of Community Services, Director of Technical Services and Minute Secretary on the basis that Council considers it necessary and appropriate to act in a manner closed to the public in order to receive, discuss and consider the report and associated documents in relation to confidential agenda item 18.2 Application – Remission of Interest for Lot 6243 and that Council is satisfied that the meeting should be conducted in a place open to the public is outweighed in relation to the matter because receiving, considering and discussing the report and associated documentation involves:

(b) information about the personal circumstances of a resident or ratepayer;

This item is considered confidential pursuant to Regulation 8 (b) of the Local Government (Administration) Regulations.
2. THAT Council orders that the minutes from the Confidential Council meeting held on 6 October 2015, in relation to confidential item number 18.2 Application – Remission of Interest for Lot 6243 to remain confidential for 4 years.

CARRIED 8/1700–06/10/2015

The meeting moved into the Confidential Session at 8:57pm

18.3 Moving Decisions from the Confidential Session into the Open Session

In accordance with the resolution of Council, the following decisions from the Confidential Session are moved into the Open Session:

Application for Rate Concession by Sporting Group for Lot 11822

- THAT Council receives Report Number 8/0748.
- THAT Council grants a 100 per cent rate concession for Lot 11822 for the financial year 2015/16 under Section 167 Local Government Act.
- THAT the resolutions only be returned to the Open Meeting.

19. CLOSURE

Meeting closed at 9.06pm

CARRIED 8/0256 - 18/09/2012

The meeting moved to the Open session at 9:34pm.

CONFIRMED AT MEETING TO BE HELD 2 OCTOBER 2012

(Chair)
ITEM NO.  14.1   NT Tang Soo Do Lease Arrangements

FROM:  Director of Corporate and Community Services
REPORT NUMBER:  8/0139
MEETING DATE:  18 September 2012

Municipal Plan:
1.  Community & Cultural Wellbeing
   1.4  Recreation
       We are committed to providing quality recreation and sporting facilities, parks, gardens, playgrounds and open spaces for the benefit of our community.

Summary:
Since 1998, the NT Tang Soo Do Academy has been operating from the Palmerston Aquatic and Leisure Centre on Tilston Avenue, Moulden. They have leased the facility under various arrangements, most recently subleasing from the facility operator YMCA. This report reviews the leasing arrangements in line with Report Number 8/0082 which identified that Council will end sublease arrangements, it is necessary to negotiate a new lease with the Academy.

Background:
Most recently, the Academy has operated under a lease with the YMCA for the monthly fee of $4,450.31 (inclusive of GST) plus the commercial rates for electricity. For this, they receive

- a main exercise room with external access of roughly 145m2 (called the Old Room below), which is their primary activity room;
- a new room (called New Room below) of roughly 90m2 adjacent to this, and with access through to the Old Room, but which is separated from the other YMCA facilities only by a partition;
- an office space (called Office Space below) of 50m2, located in the administration area of the facility, and with access provided.

It should be noted that the facility itself is elderly, and could not be called premium commercial space in any instance. In addition, the “New Room” has been under a shared arrangement with the YMCA for particular periods of the day. This is broken down as follows:

Schedule 1: Current Lease Arrangements

<table>
<thead>
<tr>
<th>Room</th>
<th>Size</th>
<th>Price m2 (inc GST)</th>
<th>Monthly</th>
<th>Annual</th>
</tr>
</thead>
<tbody>
<tr>
<td>Old Room</td>
<td>145m2</td>
<td>$210.21</td>
<td>$2,540.07</td>
<td>$30,480.84</td>
</tr>
<tr>
<td>New Room</td>
<td>90m2</td>
<td>$225.22</td>
<td>$1,689.09</td>
<td>$20,269.08</td>
</tr>
<tr>
<td>Office</td>
<td>50m2</td>
<td>$53.08</td>
<td>$221.15</td>
<td>$2,653.80</td>
</tr>
<tr>
<td>Total</td>
<td></td>
<td></td>
<td>$4,450.31</td>
<td>$53,403.72</td>
</tr>
</tbody>
</table>

As noted, the Academy in addition to this currently pays a portion of the electricity costs for running the facility, and these are charged at current commercial rates set by PowerWater.

The Director of NT Tang Soo Do Academy, Ms Sharon Kimberley, has written a letter detailing the activities and history of the Academy (see Attachment A and B). They seek in the first instance for the lease costs to be set at a level which allows the Academy to operate in a sustainable manner, and note the many activities they carry out in support of the community. A large number of Palmerston children, youth and adults have trained with the Academy over the years of its operation, and the Academy plays an important role in the community.

**General:**

Notwithstanding the many activities and community support initiatives carried out by the Academy over the years, it must be noted that the Academy is a commercial endeavour rather than a not for profit or community based organisation. Since 1998, the Academy has enjoyed significant financial assistance from Council in the form of very low leasing costs for the facility.

Recognising that the prudent and sustainable management of Council’s community infrastructure is an important responsibility, and that Council is experiencing a shortage of community facilities, a review of the lease conditions was carried out.

Following the review (see Attachment C) provided by Council’s property manager, Elders Real Estate, it is suggested that the prices currently charged under the lease are significantly below market value for commercial space. Noting that averages for commercial space in Palmerston are around $350 per m2 (exclusive of GST), Elders recommends that Council charge $250 per m2 (exclusive GST) on the Old Room and office space, and make a concession for the New Room by charging only $200 per m2 (exclusive GST). Including GST, the lease costs would be as follows:

**Schedule 2: Proposed Lease Arrangements**

<table>
<thead>
<tr>
<th>Room</th>
<th>Size</th>
<th>Price m2 (inc GST)</th>
<th>Monthly</th>
<th>Annual</th>
</tr>
</thead>
<tbody>
<tr>
<td>Old Room</td>
<td>145m2</td>
<td>$275.00</td>
<td>$3,322.91</td>
<td>$39,875.00</td>
</tr>
<tr>
<td>New Room</td>
<td>90m2</td>
<td>$220.00</td>
<td>$1,650.00</td>
<td>$19,800.00</td>
</tr>
<tr>
<td>Office</td>
<td>50</td>
<td>$275.00</td>
<td>$1,145.83</td>
<td>$13,750.00</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td></td>
<td><strong>$6,118.74</strong></td>
<td><strong>$73,424.88</strong></td>
<td></td>
</tr>
</tbody>
</table>

In addition, the Academy would continue to pay the costs for their portion of electricity usage at current PowerWater rates. Council would also carry out the necessary work to make a more permanent wall in place, and end the shared format for the New Room.

Although this would represent a roughly $20,000 increase in leasing costs for the Academy, this fee structure continues to reflect considerable allowance for the positive effects the Academy’s programs have on the community. It also takes into account the reality that current market conditions need to better inform Council decisions with regards to the leasing of community infrastructure.

As such, the pricing structure in Schedule 2 reflects a balanced approach to supporting local business while ensuring ratepayer funded facilities receive a more realistic return when leased to commercial endeavours.
As the Director of Corporate and Community Services holds the delegation for Commercial Property ("to manage Council’s commercial property folio including entering into leases and setting rentals"), the Director has authority to act in this matter. However, due to the longstanding lease arrangements which have been in place with the Academy, and due to the potential for both ratepayers and members of the Academy to voice their feelings in this matter, it is prudent for the matter to receive the endorsement of Council.

RECOMMENDATION

1. THAT Council receives Report Number 8/0139.

2. THAT Council endorse Schedule 2 above as the fees for those facilities leased by NT Tang Soo Do Academy.

Recommending Officer: Ben Dornier, Director of Corporate and Community Services.

Any queries on this report may be directed to Ben Dornier, Director of Corporate and Community Services on telephone (08) 8935 9976 or email ben.dornier@palmerston.nt.gov.au

Attachment C: Appraisal – 31 Tilston Avenue
August 28th 2012

Ben Dornier
Director of Corporate & Community Services
City of Palmerston
Via email: ben.dornier@palmerston.nt.gov.au

Dear Ben,

Thank you for meeting with Sue and I last week. As requested, please find attached a basic overview of NT Tang Soo Do Karate Academy, the services we provide and our community involvement.

The academy has over 500 students across our two locations. For the purpose of this overview I have focused only on the main location being Palmerston.

I understand that Council must revise the current arrangement at the Aquatic & Lifestyle Centre to ensure its viability. I would ask when deciding on the future plans for this facility, Council recognises and considers the invaluable contribution the academy provides to the families in our community.

In our discussions you indicated an increase in the monthly rent amount, which at this stage I am not aware of. I do know however, that the academy is not in a position where it can afford a huge increase.

The academy at all times strives for tuition fees to be affordable allowing Palmerston families to continue to be a part of our martial art community. My concern is that if the increase is too great and we have to pass this expense onto our members, it will be out of reach for the majority of our families.

I trust that you will look upon the academy’s position in the centre favourably and we can continue to provide a mutually beneficial service to the people of Palmerston.
Ben, it would be appreciated if you could give me an indication of the new rent amount as soon as possible. As I am sure you would understand I am very concerned about the future of the academy and its members.

If you require any further information or would like to arrange a time to meet please let me know.

I look forward to hearing from you soon.

Yours Sincerely

Sharon Kimberley

NT Tang Soo Do Karate Academy
and
Street Wise Self Defence Programs

Academy Profile

For Palmerston City Council
8/28/2012

Overview of NT Tang Soo Do Karate Academy and Street Wise Self Defence Programs services and contributions to the Palmerston Community.
NT Tang Soo Do Karate Academy

The academy was established in Palmerston in the late 1980’s and was known as Palmerston Martial Arts. The academy operated from Driver Primary School before relocating to its current home at the Aquatic & Lifestyle Centre in 1998. Our services expanded to include the northern suburbs in 2008.

Tang Soo Do is a traditional martial art with its main purpose being to develop a healthy sense of respect for family, friends, school and community.

Training is not practiced to promote violence but to avoid and diffuse conflict. Students are trained to incorporate mental concentration, self discipline and respect for others not only in their martial arts but in all aspects of life.

The academy caters for students from the age of 4 years with our oldest member being 60 years old. The unique fabric of Tang Soo Do is that we are not a seasonal sport. Members commit to a long term journey of personal development 49 weeks per year.

The academy boasts the development of numerous young leaders in our community. Examples of this development are students who have been training with us from as young as 4 years of age and are now in their mid 20’s, black belt instructors and role models to hundreds of junior and intermediate students.

Current member base in the Palmerston location:

<table>
<thead>
<tr>
<th>Age Group</th>
<th>Participants</th>
<th>Classes per week</th>
</tr>
</thead>
<tbody>
<tr>
<td>Juniors 4 – 10 yrs</td>
<td>158</td>
<td>18</td>
</tr>
<tr>
<td>Early Teens 11 – 13 yrs</td>
<td>122</td>
<td>10</td>
</tr>
<tr>
<td>Teen – Adults 14 yrs – 60 yrs</td>
<td>69</td>
<td>10</td>
</tr>
</tbody>
</table>

Children can start training from as young as 4 years. A strong base of respect and discipline is maintained throughout the class whilst ensuring optimum enjoyment for the children.

In today’s society it is becoming increasingly more difficult for children to make the transition from a child to a teenager with many outside pressures and influences. This program provides a morally strong and stable environment where young people learn a true sense of respect for themselves and others.

Tang Soo Do is designed to develop individual character, mental strength and integrity. Students are not only given professional instruction on improving their fitness, also on further developing themselves to be the best person that they can be. This class is suitable for men and women from any walk of life and any age.

Sponsorship of disadvantaged youth: There are currently 7 students benefiting from this.

Over the years NT Tang Soo Do has and continues to work closely with schools in the Palmerston community. Through the delivery of our school based self defence programs and with assistance of teachers and principals, disadvantaged and at risk youth have been identified and offered full sponsorship in our karate program.
Sponsorship of families in financial hardship:
Since the academy’s inception it has continually supported community members by providing its services free of charge to students and families who at times have found themselves in financial hardship.

**Street Wise Self Defence Programs**

In the early conception of the academy it was recognised that the people of our community needed personal safety skills that did not involve years of training in a martial art system with complicated techniques. Street Wise Self Defence Programs commenced in the early 1990’s.

Street Wise Self Defence Programs challenge the conventional beliefs that physical strength is the winning factor in a confrontation and has changed the way thousands of people think in regard to personal safety and their own ability to deal with any conflict situation they may find themselves in.

Our programs have been designed for people of all ages and physical abilities. We deliver courses to groups that include seniors, women at risk, troubled youth, middle and senior schools, special needs children and adults to name a few.

The program also tailors to professional groups which have included government departments, counselling services, teachers and doctors along with many others.

**Street Wise Self Defence Programs delivered by our Palmerston academy**

**Schools**
The school based teenager program covers issues including but not confined to: Bullying, harassment and assault, legalities of self defence, drug, alcohol and sexual behaviour choices providing young people with the knowledge to make informed choices in life.

**Participating Schools**
Palmerston High, Taminmin High, Kormilda College, Casuarina Senior College, Darwin Senior & Middle School, O’Loughlin Catholic College, Sanderson Middle School, Essington School, Katherine High School

**Immigration**
DHIEU – ESU. Darwin High Intensive English Unit – Immigration & Refugee status students.

**Special Needs**
Total Recreation, Nemarluk School, Palmerston Special Education Centre

**Women**
YWCA, Ruby Gaea Rape Crisis Centre, Dawn House

The programs listed above are offered at a heavily subsidised rate compared to the corporate programs. The lower rates that we offer ensures the continuation of the programs for these groups.

**Corporate**
St John Ambulance, Parliament House – Electoral Officers, Accident & Emergency RDH, ITEC Employment, ABC Corporation, Katherine School of the Air
FITBOX NT

The academy also provides ‘FITBOX’ classes to the general public and delivers classes as part of community and team fitness initiatives.

Fitness
- Activate NT,
- Life Be in it
- NT Fire Department – New recruits training
- Various team sports groups

Free Community programs

NT Tang Soo Do has always provided various programs free of charge to community members and organisations over the many years of being in operation.

Seniors
- Palmerston Seniors Group
  Each year during Senior’s Week in Palmerston we provide a program catering to the needs of the elderly in today’s society.

Women’s
- Ruby Gaea Rape Crisis Centre
- YWCA
- Dawn House Women’s Shelter
  Every Women’s Self Defence program delivered provides free placements to 10 women who have been identified at risk. We work very closely with Ruby Gaea, YWCA and Dawn House to ensure these placements are offered to the right people. This program is delivered between 4 to 6 times per year.

Mothers
- MOPS - Not for Profit Mothers Support Group for children age 0 – 5yrs
  We are regularly asked to present at local mothers groups to provide basic skills in awareness and personal safety.

  YWCA Parenting Program
  This program is for young teenage mothers.

Indigenous
- NAIDOC
- Indigenous Children’s Day
- BUACA Awareness Ride
  Supporting indigenous children and youth through our programs and participation in community events.
Community Involvement

The academy supports the following organisations through monetary contribution and fundraising:

- Cancer Council
- Jeans for Genes
- Movember
- Special Children’s Christmas Party
- Relay for Life
- Dragons Abreast

The academy performs demonstrations at community events including the following:

- Palmerston Festival
- Palmerston Markets
- Palmerston Kentish Family Day
- Primary School Assemblies
- Primary School Open Days
- Primary School Fairs
- CMAX and Birch Carroll and Coyle Cinemas – Movie Premiere’s
- Mindil Beach Markets
- Sea Breeze Festival
- Various Indigenous events

Recognition of Community Involvement:

**Palmerston City Council Citizens Award**
Sharon Kimberley has been the recipient of this award many times over the years for her consistent contribution to the Palmerston community.

**Palmerston City Council - Best Community Event Award 2007.**
NT Tang Soo Do hosted an international karate championship which was held at the new Palmerston Recreation Centre. This event attracted over 300 competitors and over 400 spectators to the Palmerston Community.

**Tribute to Territory Women Award 2010**
Presented to Sharon Kimberley
‘For her commitment to Territory women and young people in the community’
‘Empowering women, youth and children through Street Wise Self Defence Programs’
‘Sponsoring disadvantaged youth and at risk women and children’
COMMERCIAL RENTAL APPRAISAL

Date: 07/08/2012

Owners
Palmerston City Council
Tel: (08) 89 35 9922
Email: ben.dornier@palmerston.nt.gov.au

Property
Part of the Premises (YMCA / Tang Soo Do)
31 Tilston Ave, Moulden, NT, 0830

MARKET RENT APPRAISAL

- Group Fitness Room (new room) – approximately 90m2
- Main Karate Room (old room) – approximately 145m2
- Office space – approximately 50m2

I recommend a flat rate of $250/m2 for the lease of the spaces. This is below the average price in Palmerston for office spaces at around $350/m2, due to the location, age of the building and type of facility. It also takes into account the disadvantages of the Group Fitness Room (new room) with the shared access, noise levels and partition wall. For any reduction in rent for the ‘new room’ due to its disadvantages, I would not recommend going below $200/m2.

THAT the Council move into the open session.

CARRIED 8/0840– 05/11/2013

The meeting moved to the Open session at 7:28pm.

CONFIRMED AT MEETING TO BE HELD 19 NOVEMBER 2013

_____________________________________________
(Chair)
Item No. 16.3 Request for Review of Unit Rate – Contract TS2013/04 – Grounds Maintenance West – Item ID GM2.140.

From: Director of Technical Services

Report Number: 8/0397

Meeting Date: 5 November 2013

Municipal Plan:

3. Environment & Infrastructure

3.2 Assets and Infrastructure

3.2 We are committed to maintaining and developing community assets and infrastructure which meet the needs of our community

4.4 We are committed to ensuring the systems and processes of Council support the organisation in delivering the best possible services to the community

Summary:

At the ordinary Council meeting held 20 August 2013, Council awarded Contract TS2013/04 – Grounds Maintenance West to Stronsay Mowing Pty Ltd for the amount of $701,521.20 – Decision Number 8/0760.

General:

Council has received a letter from the Managing Director of Stronsay Mowing Pty Ltd, Mr Bruce Summers, requesting a review of a unit rate. See Attachment A.

A unit rate review is requested for Item ID GM2.140 - Woodlake Boulevard Verge.

The contractor states that when entering prices on the area of Durack on the tender submission, there were approximately 10 verges listed in one grouping.

Most of these verges are relatively small in their size and therefore the prices per cycle provided were between $32.50 and $74.75. Woodlake Boulevard verge was included in this group.

A mathematical error has occurred when the amount of $32.50 was input against Woodlake Boulevard verge. With the 26 cycles allocated, this equated to a total per annum of $845.00. The total area of Woodlake Boulevard verge is approximately 20,800 m². See Attachment B.

Item GM2.140 includes many small independent areas that require smaller plant to maintain. The price provided includes mowing and edging along kerbs and paths. See Attachment C.

To put the contractors claim into perspective staff have compared it to other similar areas in the contract. The following was determined.
i. Temple Terrace verge 33,800m² @ $1,560 per service = $0.046/m²

ii. Elrundie Avenue (Lot 1350) 7,244m² @ $325 per service = $0.045/m²

iii. This claim (Durack) 20,500m² @ $926 per service = $0.045/m²

Financial Implications:

Mr Summers is seeking a change of unit rate per cycle for Item ID 2.140 from $32.50 to $925.00. This increases the total price per annum to service Woodlake Boulevard verge to $24,050.00.

Currently total amount for the contract per annum is $701,521.20. Should the request be approved by Council, the new total per annum would be $724,726.20.

This increase would not impact on the original decision made by the Tender Evaluation Committee to award Tender TS2013/04 – Grounds Maintenance West to Stronsay Pty Ltd as the second lowest tenderer.

Legislation / Policy:

Local Government Accounting Regulations.

RECOMMENDATION

1. THAT Council receives Report Number 8/0397.

2. THAT item GM 2.140 Woodlake Boulevard be varied to an amount of $926 per service.

Recommending Officer: Mark Spangler, Director of Technical Services

Any queries on this report may be directed to Mark Spangler, Director of Technical Services on telephone (08) 8935 9958 or email mark.spangler@palmerston.nt.gov.au.

Schedule of Attachments:

Attachment A: Letter from Mr Bruce Summers of Stronsay Mowing Pty Ltd.

Attachment B: Extract of Submitted Tender Document.

Attachment C: Arial shots of GM 2.140.
Dear Mark,

I would like to request a review of a unit rate error that has occurred when submitting my tender for contract TS2013/04 – Grounds Maintenance Palmerston West – Item ID GM2.140 Woodlake Boulevard Verge.

When entering prices on the area of Durack, there were approximately 10 verges listed in one grouping.

These verges are relatively small in their size and therefore the prices per cycle provided were between $32.50 and $74.75. Woodlake Boulevard verge was included in this group.

The mathematical error occurred when the amount of $32.50 was input against Woodlake Boulevard verge. With the 26 cycles allocated, this equated to a total per annum of $845.00. The total area of Woodlake Boulevard verge is approximately 20,800m².

After discovering my error I would like to request that a review of the current unit rate be undertaken of Item ID GM2.140. The revised rate is as follows:

CARRIED 8/1147–24/06/2014

The meeting moved to the Open Session at 5:42pm

CONFIRMED AT MEETING TO BE HELD 1 JULY 2014
ITEM NO.  5.1  CS2014-01 Insurance Brokerage Services Tender

FROM:  Director of Corporate and Community Services
REPORT NUMBER:  8/0505
MEETING DATE:  24 June 2014

Municipal Plan:

4. Governance & Organisation

4.1 Responsibility

We are committed to corporate and social responsibility, the sustainability of Council assets and services, and the effective planning and reporting of Council performance to the community

Summary:

A tender has been called by senior management for the contract CS2014-01 Insurance Brokerage Services. City of Palmerston has received three applications of which one application was non-compliant. The remaining two applications lack in comparable information. This report recommends Council does not award the tender at this time.

Background:

In line with legislative requirements for Procurement City of Palmerston has called a public tender for its insurance brokerage services. The tender included the request for tenderers to quote on commission and provide tentative premiums for the insurance required for City of Palmerston.

By closing date of the tender City of Palmerston received three non-compliant applications. At the discretion of the principal under clause 1.27 of the conditions of tendering the time for submission of tenders had been extended.

With the second submission of those Tenderers City of Palmerston received the following tender applications:

- Holdfast Insurance Brokers Pty Ltd
- AON Risk Solutions
- Jardine Lloyd Thompson Pty Ltd.

General:

Senior management reviewed the applications and found one application (Holdfast) to be non-compliant in line with the technical clause 4.01.

The applications from both AON and Jardine Lloyd Thompson were reviewed and the tenderers interviewed. In the opinion of senior management both were insufficient in regards to the information provided. In particular, the tendered values for premiums are substantially different and sufficient explanation could not be given by the tenderers for this deviation.
Senior Management believes that it is in the best interest of Council to undertake a full risk audit before awarding the insurance brokerage service contract. Only with a review of the risk exposure Council will be able to request the appropriate insurance coverage from tenderers and assess the service offered to City of Palmerston. Ideally this would be carried out by the Governance and Organisation Committee.

Under clause 1.20 (a) of the conditions of tendering the principal shall not be bound to accept the lowest or any tender.

This report recommends extending the existing contract with Jardine Lloyd Thompson for a further 12 months until Council is in a better position to re-tender.

**Financial Implications:**

If council does not award the tender to any of the tenderers the current contract for all insurance premiums will be extended for a further year. There might be an eventual saving that cannot be realised in this year. This saving cannot be quantified due to lack of comparable information provided by the tenderers.

**Policy Legislation:**

Local Government (Accounting) Regulations
City of Palmerston Policy FIN04 Purchasing and Procurement

**RECOMMENDATION**

2. THAT Council does not award the tender CS2014-01 to any of the tenders under clause 1.20 (a) of the conditions of tendering.

3. THAT Council extends the existing contract with Jardine Lloyd Thompson for a further twelve months.

4. THAT Council instructs the Governance Committee to undertake a full review of the risk exposure for insurance purposes over the coming year.

5. THAT the resolutions only come back into the Open Session.

**Recommending Officer:** Ben Dornier, Director of Corporate and Community Services

_____________________________________________
(Chair)
ITEM NO. 5.1 TS2014-04 - Birripa Court Construction Tenders

FROM: Director of Technical Services
REPORT NUMBER: 8/0523
MEETING DATE: 29 July 2014

Municipal Plan:

3. Environment & Infrastructure

3.2 Assets and Infrastructure

We are committed to maintaining and developing community assets and infrastructure which meet the needs of our community

Summary:

The City of Palmerston (CoP) has entered into an Agreement to Lease with the Chief Executive Officer Housing for a 15 unit complex to be constructed at Birripa Court, Rosebery. Under the Agreement the units are to reach practical completion by 31 December 2014. CoP called tenders on 5 June 2014 for the construction of the unit complex. Tenders closed on 2 July 2014 with three tenders received. All tenders are over the available construction budget. The lowest tender does not deliver the project until 31 March 2015. Preliminary discussions with the Department of Housing indicate that funding for the Agreement has been allocated in 2014-15 and there is an expectation that the 15 units will be delivered. The Department is not opposed to the City of Palmerston seeking a formal extension of time for the delivery of the units. Council is asked to consider this report, approve in principle the award of the construction contract to the lowest tenderer and to approve for the Chief Executive Officer to write to the Department of Housing seeking a formal extension of time under the Agreement.

Background:

Council Decision Number 8/0935 of the 4 February 2014 meeting, approved CoP to enter into an agreement with the Chief Executive Officer of Housing (CEO Housing), to lease a complex of 15 units to be constructed at 5 Birripa Court Rosebery. The Agreement was subsequently executed by CoP on 13 March 2014 with a scheduled date of practical completion of 31 December 2014.

Council considered Report Number 8/0478 at a special Council meeting on 30 April 2014 and approved a budget increase to a total project budget of $7,144,200 comprised of the land value of $1,300,000 and a cash component of $5,844,200 including GST.

CoP in conjunction with the consulting project manager Thinc, called tenders on 5 June 2014 for the construction of the unit complex.
General:

Three tenders were submitted by the closing date Thursday, 2 July 2014 at 2.00pm:

<table>
<thead>
<tr>
<th>Ref</th>
<th>Tenderer</th>
<th>Indicated Total *</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Norbuilt</td>
<td>$5,050,297</td>
</tr>
<tr>
<td>2</td>
<td>C&amp;R Constructions</td>
<td>$5,339,866</td>
</tr>
<tr>
<td>3</td>
<td>Killarney Homes</td>
<td>$5,797,660</td>
</tr>
</tbody>
</table>

*All prices shown are GST exclusive

The approved total project budget (cash) is $5,844,200 (GST inclusive) or $5,312,909 (GST exclusive). Project preliminary costs and the available construction budget are detailed in Attachment A. If a modest construction contingency of 5% is allowed then the available construction contract budget is $4,963,274. All tenders exceed the available budget. Killarney Homes’ tendered price was 17% over budget and has not been considered further.

The latest date for practical completion is 31 December 2014. The construction program tendered by C&R indicates a 24 December 2014 date of practical completion; however this is based on an immediate start date of 17th July 2014. As the contract is not yet awarded C&R would not be able to complete the project on time. The construction program tendered by Norbuilt indicates a 31 March 2015 date of practical completion which does not meet the required timeframe.

CoP’s consulting project manager Thinc has conducted interviews with the two lowest tenderers and advise that:

- **C&R Constructions**
  - Negotiate savings of approximately $100,000
  - Date for practical completion 19 February 2015

- **Norbuilt**
  - Information on the expected savings and a revised practical completion time to be provided at the meeting.

Preliminary discussions with the Department of Housing indicate that funding for the Agreement has been allocated in 2014-15 and there is an expectation that the 15 units will be delivered as part of the Affordable Housing Program. The Department acknowledges the time pressure for the project and is not opposed to the City of Palmerston seeking a formal extension of time for the delivery of the units; however this would require a formal Deed of Variation to the Agreement to Lease.

Options:

The options available to Council include:

(a) Negotiate a new date for practical completion with the CEO Housing and subsequently accept the Norbuilt tender; or

(b) Abandon the project by declining all tenders and advising the CEO Housing that Council seek to terminate the Agreement to Lease.
Option (a) is the preferred option. This option is expected to deliver the project outcomes albeit with some financial risk due to a reduced construction contingency.

Option (b) will not deliver the project outcome and the costs (approximately $223,000 ex GST) associated with the preliminaries and design to date would be lost. Option (b) would limit Council’s financial risk however there may be some damage to Council’s reputation and relationship with the NT Government.

Financial Implications:

The tendered Norbuilt price is approximately 2% over the construction contract target budget. The price could be accepted; however this would result in a reduction in the construction contingency to 3%. If variations arise Council would need to approve additional funding.

Rent from the head-lease with CEO Housing will not commence until construction is completed.

Legislation / Policy:

The Local Government (Accounting) Regulations require a council to publically call tenders for all works over $100,000.

City of Palmerston Purchasing and Procurement Policy FIN04 sets out Council’s processes for purchasing, including financial considerations for a purchase order to be raised.

RECOMMENDATION

1. THAT Council receives Report Number 8/0523.

2. THAT Council approve negotiating with the Chief Executive Officer of Housing for a new date for practical completion for the construction of the Birripa Court unit complex under the Agreement to Lease.

3. THAT Council receive a Report on revised arrangements for the Agreement to Lease prior to accepting any tender for the construction of the Birripa Court unit complex.

ITEM NO.  5.2 Planning & Design of the City Centre Open Space (Including Goyder Square)

FROM: Director of Technical Services
REPORT NUMBER: 8/0524
MEETING DATE: 29 July 2014

Summary:

The City of Palmerston requested a proposal from Roberts Day for the planning and
design of the city centre open space. Roberts Day has tendered a price of $400,160 (ex GST) comprised of:

- Planning, design and documentation $365,940 (ex GST)
- Meeting attendance $11,040 (ex GST)
- Indicative disbursements $23,180 (ex GST)

Council is asked to consider this report and award the contract for the project to Roberts Day.

Background:

Report Number EDI/094 detailed the proposed scope of works for the planning, design and documentation of the Palmerston city centre open space. The Report was considered by the Economic Development and Infrastructure (EDI) Committee on 12 June 2014 with subsequent recommendations made to Council.

Council decision 8/1142 (17 June 2014) in part approved:

- a project budget of $400,000 for the planning, design and documentation of the city centre public open space
- seeking a proposal from Roberts Day for urban design advice and to project manage the planning, design and documentation of the upgrade and integration of the Palmerston City Centre public open space areas of Frances Mall, Goyder Square, the section of Palmerston Circuit to be closed, Water Tower Park and the Woolnough Place car park

A request for proposal was forwarded to Roberts Day on 2 July 2014.
**General:**

Council allocated a total project budget of $400,000 (excluding GST) for the project in 2014-15 which was expected to include:

- project management, planning, design and documentation
- 10% design contingency

The request for proposal sent to Roberts Day (TS2014-07 Project management, planning, design and documentation of Stages 2 and 3 for the Palmerston city centre public open space) set an indicative project budget of $360,000. Roberts Day has submitted a proposal (Attachment A) with a price of $400,160 (all prices excluding GST) comprised of:

- Project management, planning, design and documentation $365,940
- Meeting attendance $11,040
- Indicative disbursements $23,180

Roberts Day will utilise Byrne Design as the engineering sub-consultant. Byrne Design is currently designing The Boulevard and using them as a sub-consultant for this project will provide continuity of the engineering design throughout the city centre. Roberts Day has elected to not utilise a Darwin based landscape architect and has nominated Turf Design from Sydney.

The project management fee represents approximately 19% of the planning and design costs and is higher than expected. The use of another interstate architect effectively doubles the cost of the indicative disbursements for travel. The quantity surveyor costs are approximately three times higher than expected.

**Options:**

The options available to Council include:

- (a) Award the project to Roberts Day and increase the budget to $440,000; or
- (b) Award the project to Roberts Day and approve a budget for design variations as required; or
- (c) Not award the project to Roberts Day and call expressions of interest from other locally based consultants.

Option (a) is the preferred option to deliver the project in a timely manner. Roberts Day has been Council’s preferred urban planning and design consultant undertaking a number of projects in the Palmerston city centre and award of this project maintains continuity of consultant and links with the public realm and car parking strategy developed by Roberts Day.

Option (b) maintains continuity with Roberts Day but will require Council to approve any budget variations as they arise with potential associated delays to the project.

Option (c) will require an expression of interest to be called with an associated time requirement of approximately four weeks. A locally based consultant would not be expected to charge for meeting attendance costs or travel disbursements.
Financial Implications:

Council has allocated a total project design budget of $400,000 for the project in 2014-15. The indicative tendered price of $400,106 slightly exceeds the available budget with no allowance for design contingency. Any variations / additional costs will require Council to approve an increase of budget. Any increase in budget will need to be drawn from Reserve or found in savings from other projects.

The project budget does not include an amount for public consultation and communications material.

Legislation / Policy:

The Local Government (Accounting) Regulations do not require a council to call tenders for a consultancy or professional services.

City of Palmerston Purchasing and Procurement Policy FIN04 sets out Council’s processes for purchasing, including financial considerations for a purchase order to be raised.

City of Palmerston Delegations Manual authorises the Chief Executive in conjunction with the Mayor to execute contracts or other documents requiring the Common Seal.

RECOMMENDATION

1. THAT Council receives Report Number 8/0524.

2. THAT Council approves an increase in project budget to $440,000 (excluding GST).

3. THAT Council award Contract TS2014-07 to Roberts Day.

4. THAT Council delegates to the Mayor and Chief Executive Officer the power to sign and seal all required contract documentation for Contract TS2014-07.

Recommending Officer: Mark Spangler, Director of Technical Services

Attachment A – Roberts Day Proposal
Project Management, planning, design and documentation of Stages 2 and 3 for Palmerston City Centre Public Open Space
The City of Palmerston wishes to develop the city centre into an attractive and vibrant area that will attract people to the city's heart and provide recreational space for residents of the city centre as density increases.

Dear Gary,

RE: PALMERSTON CITY CENTRE PUBLIC OPEN STAGES 2 AND 3

Thank you for the invitation for RobertsDay to continue our partnership with the City of Palmerston (COP) in the design and delivery of the Palmerston City Centre Master Plan.

Over the last eighteen months, our team has been privileged to collaborate with COP in evolving the Vision to create the foundation for a unique, vibrant tropical City Centre.

The success of the City Centre Master Plan is highly dependent on the quality of the first stage of the public realm - The Boulevard and Goyder Square. The opportunity exists to deliver a world class Main Street and CentralPark that will inspire confidence in the future development of the City Centre, attract investment and provide a safe, comfortable and delightful place.

In realising this potential, our greatest challenge is to deliver a place for people where different technical disciplines blend seamlessly to create an overall sense of place that is more than the sum of its parts.

In terms of Scope, we understand there are two briefs:

1) Design; and
2) Project Management

RobertsDay, the Team Leader and Consulting Project Manager (CPM), has a proven track record in integrating design leadership, project management and design capabilities in similar roles across a variety of projects.

Under the Design brief, we will complete the planning and design work with appropriate documentation for Goyder Square - Stages 2 and 3. With a delivery focus, we are also proud to introduce Turf Design Landscape Architects led by Mike Horne to the project whom we have collaborated with on a range of projects over the last ten years. Major public domain projects led by Mike include Sydney’s Hyde Park, Barangaroo Park, Carlton United Brewery’s Central Park, Sydney University and Brisbane’s new city-scale park at Hamilton. A variety of other national and local consultants identified in our proposal provide specialist advice to support the team.

Under the Project Management brief, Roberts Day will coordinate the overall team in the successful delivery of this project on behalf of Council. Amongst other tasks, we will provide design leadership to integrate the work of Byrne Engineering and Clouston’s Landscape Architects on The Boulevard to ensure an integrated outcome. As part of this role, our attention to risk identification and mitigation, scope, programming, clear and transparent communication and delivery will de-risk the project for COP and ensure efficient delivery of the project.

Together, we have the technical skills, experience and resources to deliver on COP’s program.

Please find attached our response to your tender documents in the attached Schedules, and look forward to working with you as the COP’s Consulting Project Manager and Designer.

Please contact Stephen Moore on (02) 8202 800 or 0400 226 581 if you would like to discuss any part of our proposal.

Regards,

ROBERTSDAY

Stephen Moore
Principal
Form 1 - Tendered Lump Sum

Tender number: TS2014 - 07

Description of Work: Concept Development and Project Management - Planning, design and documentation of stages 2 and 3 Palmerston city centre public open space

(i) Where a lump sum is scheduled, a lump sum shall be inserted in the “AMOUNT”.
(ii) Except as provided expressly in the contract, the successful tenderer will not be entitled to any additional sum to the tender price in the event that the figures are incorrect.
(iii) The tender must make sufficient enquiries to satisfy itself that the tendered rates will be sufficient to cover all costs associated with providing the services no matter what the actual quantity figures are.

SCHEDULE 1A TENDERED LUMP SUM: Project management, planning, design and documentation
AMOUNT 1: $365,940 (excl GST)

SCHEDULE 1B TENDERED LUMP SUM (Provisional Item) – Meeting attendance
AMOUNT 2: $11,040 (excl GST)

Form 4 - Details of Previous Experience

Name of Tenderer ........Roberts Day Pty Ltd.................................................................

Details of Previous Experience:

**Palmerston City Centre Master Plan, 2014**

City of Palmerston

RobertsDay was the lead consultant of the Master Plan 2050. It focuses on re-using existing infrastructure to generate a unique sense of place whilst saving public money and diversifying the variety of place-led experiences offered by the City Centre. To support the Master Plan Roberts Day is also preparing the Palmerston City Centre Parking Strategy and Public Domain Guidelines.

**Coffs Harbour Prosperity Plan 2031, 2012**

Coffs Harbour City Council

RobertsDay worked with Turf Design to deliver the Prosperity (Master) Plan 2031. The focus of the Prosperity Plan was to establish the preconditions to attract new investors and stimulate economic activity with a focus on place capital and improving the public domain. RobertsDay and Council developed a place making strategy, re-engineered parking standards and site amalgamation rules to assist with the centre’s reinvigoration. Turf Design prepared the public works costings and detailed design.

Additional experience includes:

- Bondi Junction Complete Streets, Waverley Council, 2013 - RobertsDay and Turf Design
- Parramatta Square Concept Design, Parramatta City Council, 2012 - RobertsDay and Turf Design
- Central Barangaroo, Barangaroo Development Authority, 2013 - Turf Design
- South Christchurch City Revitalisation and Public Realm Strategy, City of Christchurch, 2010 - RobertsDay
- Salacia Waters Master Plan and Design Project Management, Marsim, 2010 - RobertsDay
- Sydney University Public Open Space Design, Sydney University, 2008 - Turf Design
- Palmerston City Centre Boulevard Design, City of Palmerston, 2014 - Byrne Design Engineering
Central Park, 2013

Frasers

Turf Design designed the parks and open spaces for Central Park, a 5.8 ha site, formerly the Carlton United Brewery. It is currently being transformed into a mixed-use urban village; a magnetic place in which people live, work, and play.

The $2 billion project boasts open green spaces, plazas, market spaces and shared ways with residential apartments, cafes, shops, community buildings and event spaces. Central Park is a private development - Turf Design has collaborated with an international and local team of designers and technical consultants to achieve the city’s most innovative and sustainable urban community.

Northshore Hamilton, 2014

Brisbane City Council

TURF as Andersen Hunter Horne (AHH) have been engaged to design and document precincts 1, 2 & 3 of the Northshore Hamilton project located on the Brisbane river east of the CBD. Turf Design Studio Director Mike Horne leads the AHH Team.

As in many Australian cities the riverfront industrial lands close to the city have been targeted for urban renewal, enabling a “rediscovering” of the river and its frontage. The Northshore Hamilton project is a key addition to this legacy being the most significant waterfront redevelopment in Brisbane since Expo 88 and South Bank.

CARRIED 8/1296–07/10/2014

The meeting moved to the Open Session at 9.55pm

CONFIRMED AT MEETING TO BE HELD 21 OCTOBER 2014

_____________________________________________
(Chair)
ITEM NO.  17.2  Application for Rate Concession

FROM:  Director of Corporate and Community Services
REPORT NUMBER:  8/0560
MEETING DATE:  7 October 2014

Summary:  
The owner of Lot 1072 has submitted an application for a rate concession under financial hardship. Financial hardship has been proven as requested under Council policy FIN17.

Background:  
The owner of Lot 1072 has shown difficulties in paying rates on time over the last five years. The property had a statutory charge registered last financial year and Council proceeded with the power of selling land for unpaid rates. Council has decided in the meeting held Tuesday, 15 July 2014 that the overdue amounts ought to be written off due to an anomaly in the administrational rates system. Since the amount has been written off City of Palmerston has received an application for deferment of Rates and remission of interest under the council policy FIN17.

General:  
The property owner applies to pay $60 per fortnight and asks council to refrain from charging penalty interest.

Financial hardship has been proven by an external financial counsellor. Therefore the ratepayer qualifies under policy FIN17 for remission of interest.

The rate agreement of $60 per fortnight will leave the current annual rates short by $30. Staff will inform the ratepayer that these funds have to be paid on top of the fortnightly payment and that the rate concession is limited to the current financial year.

In line with the procedure to policy FIN17 the rate concession will be cancelled after one written warning if the rate agreement is not met.

Financial Implications:  
There is currently no financial implication as no interest has been posted to the account. Future interest that would be accruing with the payment plan would be considered as minor.

Municipal Plan:

4. Governance & Organisation

4.1 Responsibility

We are committed to corporate and social responsibility, the sustainability of Council assets and services, and the effective planning and reporting of Council performance to the community.
Policy Legislation:
Council Policy FIN 17 Rate Concession Policy

4.1 Remission of Interest accrued on overdue rates
4.1.1 As per Section 162 Local Government Act council charges a relevant interest rate on a daily basis on overdue rates. The complete annual Rates fall overdue if an instalment date is not met.
4.1.2 Ratepayers can request a remission of interest under Section 163 Local Government Act. Council officers can consider applications for remission of interest for reasons that fall under the following two categories:
   a) Administrative reasons, error or omissions which caused or significantly contributed to the failure to pay rates in a timely manner
   b) Proven Financial Hardship - Ratepayers must enter into a feasible payment schedule and maintain such agreement.

4.2 Deferment of Rates
4.2.1 As per Section 164 (1) (b) Local Government Act a rate concession can be a deferment in whole or part of an obligation to pay rates or a component of rates.
4.2.2 Ratepayers may have rates and charges, or part thereof, postponed although rates and charges will continue to be levied subject to compliance with the following conditions:
   a) The ratepayer must be experiencing undue and unavoidable hardship.
   b) An application in writing must be submitted to the Finance Manager by the ratepayer or the ratepayer’s representative providing evidence from an approved Financial Counsellor of such circumstances referred to in a) above. The Finance Manager will provide a recommendation to the Rates Officer based on the details supplied.
   c) The postponement can be on a fixed or on an ongoing basis until the property is disposed of or sold.
4.2.3 Interest on postponed rates will be levied at 50% of the relevant interest rate.

RECOMMENDATION

1. THAT Council receives Report Number 8/0560.
2. THAT Council grants a rate concession for Lot 1072 for the remission of interest for the financial year 2014/15.

Recommending Officer: Ben Dornier, Director of Corporate and Community Services
