AGENDA ITEM: 7.1
REPORT TITLE: Mayoral Update Report – May 2019
REPORT NUMBER: M9/011
MEETING DATE: 4/06/2019
AUTHOR: Mayor, Athina Pascoe-Bell

COMMUNITY PLAN
Governance: Council is trusted by the community and invests in things that the public value.

PURPOSE
This report provides a highlight summary of some recent activities.

KEY MESSAGES
• General collaboration with Australian and Northern Territory Governments.
• Exploring opportunities for funding.
• Strengthening collaborations with Australian Local Governments.
• Attendance at various activities and services in Palmerston.

RECOMMENDATION
THAT Report Number M9/011 entitled Mayoral Update Report – May 2019 be received and noted.

DISCUSSION
Michael Long Learning & Leadership Centre Tour
This month I had the opportunity to take a tour of the Michael Long Learning and Leadership Centre, where they utilise football as a pathway to employment, complemented with the Australian curriculum and is designed to foster potential opportunities with the AFL and local employers. Working life is explored and experienced through a one-week residential stay where students have the opportunity to visit a range of local employment and training centres in conjunction with lessons based on work readiness.

CPA Palmerston
During May I was invited by CPA (Certified Practising Accountant) Australia NT to make a presentation to the Palmerston City Discussion Group. During this presentation I spoke about the following items –
- Council’s Tendering process
- Council’s Long-Term Financial Plan
- Council’s major projects and developments planned for the next 12-18 months
Northern Territory Government’s Budget Lockup

Both the CEO and I attended the Industry and Stakeholder Budget Lock Up where Treasurer Nicole Mansion gave a preview briefing of the 2019-20 Budget.

Although there will be some programs reduced, the government will still be delivering some major projects in Palmerston such as the new fire station and the next stage of Zuccoli school.

The budget also contains the Government’s financial commitments to Councils Making the Switch and Smart Cities projects.

Fred’s Pass Rural Show

Is an annual even providing a regional focus non productivity, enterprise and community. The aim of the Show is to provide a forum to showcase the diverse range of industries including pastoralism, agriculture, horticulture, mining and manufacture as well as to provide an opportunity for community groups to hold their annual fundraising.

This year Council had a stall at the 2019 Fred’s Pass Show as part of its efforts to further engage with the community and our surrounding region. I would like to thank all of the Elected Members who came along to the show and helped out at the stall.

COTA Seniors Expo

I attended the COTA Seniors Expo which is proudly supported by the City of Palmerston. This year’s gold theme ‘Be Bolder Not Just Older’ marked the organisations 50th year of service to the Northern Territory.

Some of the items available during the Expo were free finger prick cholesterol tests, blood glucose level sugar tests, blood pressure checks, neurostructural health screening, minute neck and shoulder massages, energy ball samples, opportunity to purchase discount books, jewellery and DVDs, displays of art, quilting, wood turning, crochet, sewing and knitting, the ability to have a free game of table tennis, ‘do not knock’ stickers, enter a raffle and pick up promotional giveaways from many participating stallholders.

Regional Council Interaction

I have written to the regional Councils of Tiwi Islands, East Arnhem and West Arnhem, inviting them to a Palmerston meeting and offering to build working relationships between our Councils.

12.1 Pop Up Park Program

Moved: Alderman Giesecke

THAT a report outlining the benefits to our community, options, feasibility, potential locations with a focus on the City Centre, partnerships and costs of a Palmerston Temporary Pop Up Park Program to enhance community well-being and liveability, be presented to Council by the 2nd Ordinary Council Meeting in September 2019.
COUNCIL MEETING DATE: 4 June 2019

TOPIC: Palmerston Temporary Pop Up Park Program

BACKGROUND:

Council is committed to community building and beautifying our city. Council recognises the need to create spaces that provide benefits for the environment and the physical and mental wellbeing of our community.

Council is delivery many programs to deliver on this such as tree planting, enhancement of play spaces, conservation of natural bushland and renewing and managing over 170 hectares of open space throughout the city.

Pop-up and temporary green and recreational spaces are becoming increasingly popular in cities. Given the rate of development has slowed across the Northern Territory there maybe opportunities for place-making and to utilises vacant or underutilised spaces both public and private providing places for people. By way of potential sites there are several vacant allotments within the Palmerston City Centre that could be considered.

Pop-up parks could be a great and cost-effective way to revitalise areas that have been otherwise forgotten or are underutilised.

The presence of public green spaces and recreational activities in urban areas may have benefits beyond health and could include revitalisation of city centre or neighborhoods, drawing more people to the city centre, managing vacant allotments and increased passive surveillance. The process could be further enhanced with the engagement of the community in the delivery of the initiative, for example imagine a space for young people designed by young people that can pop up throughout the City to increase inclusiveness and accessibility.

The type of elements in a pop-up park would be temporary and cost effective in nature and could include:

- Grass (real or fake)
- Park benches
- Temporary shade structures
- Decking
- Play equipment
- Trees in planter boxes

OBJECTIVE:

The motion is calling for a report to examine the benefits to our community, options, feasibility, potential locations and costs of a Palmerston temporary pop up park program to enhance community well-being and liveability. The report will allow Council staff to also investigate possible partnerships, any risks and have a focus on the Palmerston City Centre.

NOTICE OF MOTION:

THAT a report outlining the benefits to our community, options, feasibility, potential locations with a focus on the City Centre, partnerships and costs of a Palmerston Temporary Pop Up Park Program to enhance community well-being and liveability, be presented to Council by the 2nd Ordinary Council Meeting in September 2019.

AGENDA ITEM: 13.1.1

REPORT TITLE: 2019 Community Satisfaction Survey

REPORT NUMBER: 9/0230

MEETING DATE: 4/06/2019

AUTHOR: Director Governance and Regulatory Services, Chris Kelly

APPROVER: Acting Chief Executive Officer, Amelia Vellar

COMMUNITY PLAN

Governance: Council is trusted by the community and invests in things that the public value.

PURPOSE

This report seeks to update Council on the progress of the 2019 Community Satisfaction Survey.

KEY MESSAGES

• Council undertakes an annual Community Satisfaction Survey and completed a review for 2019.
• Colmar Brunton (market research agency) has been commissioned to assist in the review of the Community Satisfaction Survey and to undertake the survey.
• Council has reviewed the Community Satisfaction Survey and amended the following:
  o consistency with the Community Plan
  o key performance indicators;
  o measurement of importance;
  o feedback on responses; and
  o simplified scoring.
• Many of the questions are required measures and are set to provide a consistent measurement of operational performance or to collect demographic data.
• Elected Members have provided guidance on additional questions they wish to have included.
• The survey is estimated to commence on 3 June 2019 using a combination of phone surveys and online responses.

RECOMMENDATION

THAT Report Number 9/0230 entitled 2019 Community Satisfaction Survey be received and noted.

BACKGROUND

At the 1st Ordinary Council Meeting of 2 October 2018 Council made the following decisions:

13.2.1 Community Satisfaction Survey Results and Response

1. THAT Report Number 9/0094 entitled Community Satisfaction Survey Results and Response be received and noted.

2. THAT Council note that actions, initiatives and programs that are underway to improve customer satisfaction as part of the 2018/19 Municipal Plan that are outlined
in this report entitled Community Satisfaction Survey Results and Response and that any actions requiring new or additional funding will be referred to future Budget Reviews and 2019/20 Municipal Plan and Budget development.

3. THAT a future report will be provided to Council in February 2019 outlining the results of the review of the structure, content and scoring methodology of the Community Satisfaction Survey and any recommended changes.

CARRIED 9/0300 – 02/10/2018

When Council considered the results of the 2018 Community Satisfaction Survey, Council was advised that staff would be undertaking a review of the structure, content and methodology of the Community Satisfaction Survey. Some initial observations of the existing 2018 survey are that:

- The importance scores do not provide much value as participants tend to score all Council’s functions highly when asked in isolation. Priority or comparative scoring would provide more value.
- The current survey does not ask why residents chose a certain score or how they feel that service could be improved.
- The current scoring methodology has been used since 2012 and requires a review to see if it is still relevant.
- The current survey also does not capture any testing of how Council is performing against community values such as trust, honesty, transparency, nor undertakes any comparison with other levels of government.
- There is currently no free text component where the community can provide feedback outside predetermined questions.
- Finally, the content of the survey will need to be updated to ensure that Council is measuring its performance against the outcomes of the Community Plan.

As part of the preparation process for the 2019 Community Satisfaction Survey, Council undertook a procurement process to both assist in reviewing the survey and undertake the survey. Following this process, Colmar Brunton was appointed.

DISCUSSION

Historically, Council has commissioned the Community Satisfaction Survey (the survey) to determine the overall performance of Council against 14 service areas and as part of our reporting requirements, however it was identified that the survey was due for review.

The Community Plan, which was adopted at the 1st Ordinary Council Meeting of April 2019, created six outcomes for Council to work towards, with 14 objectives forming part of those outcomes. These align to Performance Plans for Council to focus on and the 2019/20 Municipal Plan and Budget is structured on this basis.

As part of the new survey, each of the “performance” questions asked of respondents is allocated to one of these objectives/performance plans and helps to provide a score. These questions have been reviewed in line with the Community Plan. They pertain to operational performance and are fixed to ensure alignment and consistency between the Municipal Plan, Community Satisfaction Survey and the Annual Report moving forward. The “performance” questions ensure that each objective is assessed, and each question aligns to an objective. The outcomes will form part of Council’s required reporting in the Annual Report.
Previously importance scoring consisted of simply asking respondents of the importance of a series of Council functions. This led to respondents placing a high value on most of Council’s functions, without providing any guidance on the relative importance to assist Council in determining where to prioritise funding and resources. As part of future surveys, Council will use what is known as “driver analysis”, which asks respondents to provide an overall score of Council’s performance and then ask them why they provided that score, which will indicate what they value as most important.

The current scoring methodology is unnecessarily complicated, and Council will be using a simple 0-10 scoring system, which can be extrapolated to 0-100 if required. This will be easier for users to understand as the scores should provide a better understanding of the level of satisfaction or dissatisfaction.

Council has also provided several points throughout the survey to seek feedback as to why respondents answered the way they did. Council has also refined the questions on customer service and facilities to ensure that only the feedback from people who have interacted with Council or used facilities is counted toward scoring for those outcomes. This removes perception bias from the assessment of Council in these areas.

As part of the review process, Council proposed undertaking an annual survey of the business community in addition to the ongoing community survey. This cost an additional $12,000. As there is ongoing consultation with the business community as part of the development of the Palmerston Local Economic Plan, it is not recommended that Council undertake a survey of the business community this year. However, in future years, Council will consider a survey of businesses regarding confidence, sentiment and Council performance.

Finally, as part of the survey, Council is also testing awareness of the brand “A Place for People” and how strongly respondents agree that Palmerston is “A Place for People”. Council will continue to seek demographic information from respondents to ensure that the mix of survey respondents reflects Council’s demographics.

Even though much of the survey content is fixed to establish operational performance and collect demographic data to ensure the mix of survey respondents reflects Palmerston’s demographics, there is still capacity in the survey to measure other matters.

Council was asked to provide feedback on what additional items it would like the survey to consider. The agreed questions were:

- What are the top two issues in your local area that are important to you?
- On a scale of 0 to 10, with 0 being not accessible at all and 10 being very accessible, how accessible do you consider Council’s Elected Members to be?
- (If scored not accessible, eg. below 5) How could they be more accessible to you?
- In considering the last 12 months, could you please identify two achievements/outcomes by Council that are most important to you?

As these questions are not required to meet Council’s reporting obligations, they can be changed from year to year, so Council guidance will be sought annually on this content.

The survey is expected to begin the week commencing 3 June 2019.
CONSULTATION PROCESS
The following City of Palmerston staff were consulted in preparing this report:

- Executive Leadership Team

In preparing this report, the following external parties were consulted:

- Colmar Brunton

POLICY IMPLICATIONS
There are no policy implications for this report.

BUDGET AND RESOURCE IMPLICATIONS
The 2019 Community Satisfaction Survey is budgeted to cost $43,560. This cost is incorporated in Council’s annual budget. Council will not be undertaking a survey of the business community this year, due to the consultation occurring as part of the preparation of the Palmerston Local Economic Plan. This will occur in future years. The estimated cost of this survey would be an additional $12,000.

RISK, LEGAL AND LEGISLATIVE IMPLICATIONS
Section 199(3) of the Local Government Act requires Council to provide an assessment of its performance against its Municipal Plan objectives in the Annual Report. This survey has been designed to ensure that this occurs, and that there is consistency between the Municipal Plan and the Annual Report.

ENVIRONMENT SUSTAINABILITY IMPLICATIONS
There are no environment sustainability implications for this report.

COUNCIL OFFICER CONFLICT OF INTEREST DECLARATION
We the author and approving officer declare that we do not have a conflict of interest in relation to this matter.

REPORT NUMBER: 9/0238

MEETING DATE: 4/06/2019

AUTHOR: Executive Assistant to Director Lifestyle and Community, Tree Malyan

APPROVER: Acting Chief Executive Officer, Amelia Vellar

COMMUNITY PLAN

Family and Community: Palmerston is a safe and family friendly community where everyone belongs.

PURPOSE

This report presents the unconfirmed minutes from the Palmerston Seniors Advisory Committee (PSAC) meeting held on 13 May 2019.

KEY MESSAGES

• Palmerston Seniors Advisory Committee (PSAC) is an advisory committee to Council. PSAC provides advice and feedback in relation to issues that affect Palmerston (and rural) seniors who access services, businesses, events and activities in Palmerston.
• A PSAC meeting was held 13 May 2019 and unconfirmed minutes are presented at Attachment A.
• Discussions for the planning of the 2019 Palmerston Seniors Forum to be held on 19 August 2019 at the Recreation Centre have commenced.
• A workshop delivered by Dementia Australia – Enabling Edie was held directly following the meeting.

RECOMMENDATION

THAT Report Number 9/0238 entitled Palmerston Seniors Advisory Committee May 2019 Minutes be received and noted.

BACKGROUND

PSAC is an Advisory Committee to Council, which provides advice and feedback in relation to issues that affect Palmerston (and rural) seniors who access services, businesses, events and activities in Palmerston.

The Committee meets approximately bi-monthly, bringing together the 15 senior members (consisting of Seniors from Palmerston and the rural area), Elected Members and guests such as Government representatives from local electorates.
DISCUSSION

A PSAC meeting occurred on the 13 May 2019 at the Palmerston Recreation Centre.

The unconfirmed Minutes of the 13 May 2019 PSAC meeting are provided as Attachment A.

These minutes were circulated to the Committee on 16 May 2019.

After the PSAC meeting, eleven Committee members, including the Deputy Mayor participated in an interactive Dementia Awareness training workshop ‘Enabling Edie’, hosted by a Dementia Australia Education Officer. The aim of the workshop was to form a better understanding of dementia from the perspective of the consumer through an Educational Dementia Immersive Experience (EDIE).

At the end of this session participants understood the following:

• consumer's perspective of dementia,
• how to identify support needs in partnership with the client and their carer, and
• how to develop a dementia support plan that focuses on enabling a person living with dementia.

Discussions have commenced for the 2019 Seniors Forum to be held on Monday 19 August 2019, in the Recreation Centre. The Seniors Forum is part of the Seniors Fortnight to be held from 11 August to 25 August. City of Palmerston is a major contributor with a three year Platinum Sponsorship of the Seniors Fortnight in the form of financial sponsorship and Council also provide in-kind support.

COUNCIL REPORT

1st Ordinary Council Meeting

AGENDA ITEM: 13.1.3

REPORT TITLE: Prőject – Making the Switch, Update June 2019

REPORT NUMBER: 9/0244

MEETING DATE: 4/06/2019

AUTHOR: Manager Infrastructure and Maintenance, Malcolm Jones

APPROVER: Director City Growth and Operations, Kathy Jarrett

COMMUNITY PLAN

Future Focused: Palmerston is an innovative city that sustains itself through the challenges of the future.

PURPOSE

This report provides Council with an update on the Prőject – Making the Switch, public lighting transition to smart LED’s project.

KEY MESSAGES

- Council has identified the replacement of some 4,700 street and public lights with small LED lighting as a major initiative with Prőject.
- Council has committed a total of $3.65 million (GST exclusive) to the program.
- Council has awarded contracts for the delivery of this project to the estimated value of $3 million.
- Physical replacement of lights commenced in Moulde in April 2019, and all suburbs will be completed within 15 months from commencement.
- This accelerated Smart LED Street & Public Lighting replacement program has the potential to be a transformational project for the City by reducing power expenditure and improving liveability via the range of benefits that would result from LED lighting and smart controls over traditional lighting.
- Dark spot program for lighting improvements is currently under development.

RECOMMENDATION

THAT Report Number 9/0204 entitled Prőject – Making the Switch, Update June 2019 be received and noted.

BACKGROUND

At the 1st Ordinary Council Meeting on the 5 February 2019, Council resolved the following:

Prőject – Making the Switch, Update February 2019 9/0147

THAT Report Number 9/0147 entitled Prőject – Making the Switch, Update February 2019 be received and noted.

CARRIED 9/0460 – 05/02/2019
This project forms part of Council’s major initiatives and is captured as part of Próject – The Family City.

Council has awarded contracts as follows:

- Installation of LED Luminares and associated equipment has been awarded to Northern Territory based electrical company ESPEC.
- Public lighting LED Luminares supply has been awarded to a panel of three suppliers being Light Source Solution, OrangeTek and Philips.

It is expected that this project will be completed over 15 months from the April commencement date.

At Council’s request they will receive at a minimum quarterly reports providing updates on the progress of this project. The last update report was presented to Council in February 2019.

Since the last report there has been significant progress and it was considered appropriate to update Council at this time.

**DISCUSSION**

Council has been actively working on the timely delivery of this significant project. The roll-out of the smart ready LED luminaires commenced in April 2019.

A milestone for the project was upgrading 192 lights in Moulden to LED and installing the associated smart public lighting controller infrastructure.

This initial conversion stage in Moulden was completed within seven working days.

As part of the project Council undertook pre and post lighting measurements. Initial reviews indicate that there has been a dramatic and noticeable improvement in lighting with the conversion in Moulden. Data has shown that on average lighting levels have increased 2.5 times that of previous lighting across the various roads.

It is anticipated that the conversion of the 192 lights in Moulden will result in energy savings of approximately $13,000 per annum.

The following photographs visually demonstrate the difference before and after the LED upgrade.

*Strawbridge Crescent, Moulden April 2019*
As part of this project Council committed a portion of the annual savings to the delivery of a 'Lighting Dark Spots' program. This program recognises that due to the age and design of existing infrastructure, and the fact that many public areas have no infrastructure, that a number of dark unsafe lighting areas would be identified.

Council staff have commenced the development of lighting dark spots program which will commence in the first part of 2019/2020. Consideration is being given to a variety of factors including but not limited to:

- Safety;
- Design standards;
- Crime statistics;
- Local uses;
- Risk mitigation.
For 2019/2020 it is expected that this program will deliver lighting improvements in the residential suburbs of Driver, Woodroffe, Marlow Lagoon and Rosebery.

**CONSULTATION PROCESS**

Council is undertaking a media and social media campaign advising of these projects and its commitment.

A live map of the replacement program has been published on CoP website, and can be viewed [Here](#).

A media release regarding the awarding of contracts was issued on 22 March 2019.

All projects will require further consultation to inform the community of the transition works program.

Majority of the feedback received through Council’s Facebook page has been positive with some minor negative comments. The Facebook post reached over 4,370 people with 837 engagements and the Instagram post reached over 8,400 people with 136 likes.

Examples of positive feedback received as follows;

- *Huge difference in our street!*
- *Looks great, love the new lights.*
- *Don’t know about the white light affecting people’s sleep, I’m certainly sleeping better!*  

**POLICY IMPLICATIONS**

There are no policy implications for this report.

**BUDGET AND RESOURCE IMPLICATIONS**

The approved total budget allocation for this project is $3.65 million (GST exclusive).

The Council has approved that the project be funded by a 10 year internal loan at an interest rate of 2.6%. The project will provide savings after associated costs, in the order of magnitude of $2.59 million over 12 years which will be utilised to further improve lighting in the City.

The provision of new lighting through this element will result in a marginal increase in operational costs per annum subject to the extent of work, which will be addressed through normal budget processes.

Contracts awarded for this project are schedule of rates contracts.

The estimated total schedule of rates contract costs for this project is $2,831,263.03.

The current estimate direct contract costs are below those originally estimated, and it is expected that Council will deliver this project at a saving to the approved budget. That said, this is a complex project with a number of unknowns relating to condition of in-situ assets and other costs such as specialised consulting services, consultation and alike that will impact in final delivery costs. It however is still anticipated that final costs will be below original approved budget at this stage. The budget status will be updated as part of the regular reports to Council.

It is anticipated that this project will result in operational savings of an estimated $650,000 annually once completed.
Energy savings from the 197 initial LED luminaires are estimated at $13,000 per annum.

**RISK, LEGAL AND LEGISLATIVE IMPLICATIONS**

With all large projects there are project management risks as part of project delivery, these will be identified, and mitigation measures put in place as the project progresses. In addition, the recent addition of an additional FTE to specifically manage this project and use of specialised consultants will further mitigate risk.

Installing new efficient luminaires will result in current nearby dark areas appearing darker. There is a risk that the community will demand that these be addressed. This risk is being mitigated by the inclusion of a lighting improvement program funded by savings.

Council staff have engaged a law firm, a probity auditor and specialist consultancies to advise and assist with delivery of this project.

Although it is not legislatively required, the monthly financial report will be updated to include information relating to the internal loan. The report will include how much from the reserve has been borrowed, how much has been repaid, and the final outstanding balance of the loan. Furthermore, the Council will be provided with regular updates on the progress of the project. These reports will also include financial details related to the project.

During the assessment of tenders and the issuing of the contracts, the process was reviewed by legal, probity auditor and technical consultants. No issues were identified during the process by any of these consultants.

**ENVIRONMENT SUSTAINABILITY IMPLICATIONS**

Ownership of street lighting has a material impact on Council’s carbon footprint but has also provided Council with increased control and flexibility in implementing energy efficient lighting solutions. A large-scale accelerated Smart Led Street and Public Lighting Programme provides the best mitigation of increased emissions and reducing energy usage.

The project will deliver benefits such as:

- Low levels of light pollution.
- Improved pedestrian and vehicle safety.
- Improved general community safety.
- Improved liveability.

The contract for installation includes environmentally friendly disposal of existing luminaries where feasible.

ESPEC as part of the installation of the new LED infrastructure, will also recycle and dispose of existing street lights in an environmental appropriate manner to meet Council’s sustainability expectations for the works. ESPEC is a signatory for FluoroCycle and will recycle old lamps at accredited facilities.

This project is also another step in Council's commitment to create a more sustainable environment, with carbon emissions reduced by more than 64%, the equivalent of planting more than 500 hectares of Australian forest trees.

AGENDA ITEM: 13.2.1

REPORT TITLE: Palmerston Animal Management Advisory Committee Meeting – May 2019

REPORT NUMBER: 9/0229

MEETING DATE: 4/06/2019

AUTHOR: Executive Assistant to Director Governance and Regulatory Services, Alyce Breed

APPROVER: Director Governance and Regulatory Services, Chris Kelly

COMMUNITY PLAN

Governance: Council is trusted by the community and invests in things that the public value.

PURPOSE

This report presents the unconfirmed Palmerston Animal Management Advisory Committee (PAMAC) May meeting minutes. This report also seeks consideration of the recommendations from the meeting.

KEY MESSAGES

• PAMAC met on 1 May 2019.
• The unconfirmed minutes are presented to Council.
• Three reports were presented at the PAMAC Meeting:
  o Action Report
  o Membership Drive
  o Promoting Responsible Pet Ownership
• PAMAC have recommended that Council:
  o commence a recruitment campaign to fill vacancies on the Committee; and
  o A representative is sought from the Department of Local Government, Housing and Community Development.
• PAMAC have received one new membership request.

RECOMMENDATION

1. THAT Report Number 9/0229 entitled Palmerston Animal Management Advisory Committee Meeting – May 2019 be received and noted.

2. THAT Council endorse the following recommendations from the Palmerston Animal Management Advisory Committee, namely:
   a. Council commence a recruitment campaign to fill vacancies on the Palmerston Animal Management Advisory Committee as detailed in Report Number PAMAC9/017 entitled Membership Drive,
   b. Council write to the Department of Local Government, Housing and Community Development seeking a representative to be a member of the Palmerston Animal Management Advisory Committee.
3. THAT Council approve the nomination of Ms Andrea Ruske as a new community member of the Palmerston Animal Management Advisory Committee as outlined at Attachment B to Report Number 9/0229 entitled Palmerston Animal Management Advisory Committee Meeting – May 2019 for a period of two years from 1 July 2019.

BACKGROUND

The Palmerston Animal Management Advisory Committee is an advisory committee to Council consisting of Elected Members, staff, community representatives and stakeholders to further enhance and promote responsible animal management in the Palmerston municipality.

DISCUSSION

The PAMAC held a meeting on 1 May 2019. The unconfirmed minutes from the meeting are provided at Attachment A.

Items considered by the committee during this meeting included:

- Updates to the Action Report;
- Membership Drive; and
- Promoting Responsible Pet Ownership.

The PAMAC resolved to recommend to Council that a recruitment campaign be actioned to promote memberships to the committee. An audit has been undertaken of the membership list to identify vacancies. The vacancies that exist are:

- a representative from Territory Housing;
- a veterinary specialist; and
- a community representative.

It is proposed that Council undertake the following strategies to seek nominations:

- newspaper advertising;
- social media;
- media release;
- television advertising;
- Council’s website; and
- Mayor’s column and radio interviews.

The Terms of Reference are currently silent as to the length of terms for members. A further report will be provided to PAMAC outlining length of membership, however it is intended that Council ensure regular opportunities are given to members of the community to join the committee, whilst ensuring that any changes in membership is staggered to retain knowledge and skills.

It is also recommended that Council write to the Department of Local Government, Housing and Community Development to seek a representative from Territory Housing to attend meetings and provide information on behalf of the Department. This will add to the existing operational relationship between Council Rangers and Territory Housing that assists in managing feral cats, dog ownership and long grass complaints on Territory Housing properties.

PAMAC also considered a report on promoting responsible pet ownership. As part of the Draft 2019/2020 Municipal Plan and Budget, Council is seeking additional resources to undertake animal
education. This will provide additional support to assist in planned initiatives but will also enable Council to expand its animal education activities. This could include engagement with schools to target key messages at children to embed life-long learning about responsible animal ownership. Council will also be able to be more proactively engaged with community groups and its network of advisory groups and committees.

Council will also continue proactive patrols by Council Rangers in areas where there is high usage by dog owners and/or reported non-compliance with Council By-Laws. Rangers will engage with the community to educate and where necessary infringe for offences committed.

A membership request was received from Ms Andrea Ruske and is provided at Attachment B to this report. Ms Ruske is employed by the Ark Animal Hospital and is a community volunteer with Ark Aid Inc-Wildlife Rescue and the Animal Management in Rural and Remote Indigenous Communities (AMRRIC). It is recommended that her application to join PAMAC be accepted. Ms Ruske will fill the current community representative vacancy.

CONSULTATION PROCESS
Council will seek nominations for PAMAC using the tactics outlined in this report.

POLICY IMPLICATIONS
There are no policy implications for this report.

BUDGET AND RESOURCE IMPLICATIONS
There are no budget or resource implications relating to this report.

RISK, LEGAL AND LEGISLATIVE IMPLICATIONS

What is your reason for wanting to nominate for membership to the Animal Management Reference Group?

With a strong interest in Animal Welfare, community pet programs e.g. desexing and microchipping and a long standing commitment to wildlife education and rescue I believe I can offer a wide range of experience. I work part time as practice manager at The Ark Animal Hospital and initiated and promoted several free cat desexing programs over the years. Working in the vet clinic gives me a good inside into pet related problems in the Palmerston community, from nuisance dogs, dog flights, to lost dogs to stray or roaming cats. I also volunteer as Vice president of Ark Aid Inc - Wildlife Rescue and I am involved in several community education programs and I also volunteer time to work with AMRRIC to deliver dog desexing programs in aboriginal communities.

Education: Masters degree in Communication and Certificates in Animal Management, Agriculture, IT and Snake Handling.
Do you have any special needs to be taken into account by Council for you to comfortably attend and participate in meetings? Yes

If Yes, please explain: after 4.30pm or later as I work full time

AGENDA ITEM: 13.2.2
REPORT TITLE: By-laws Review Schedule
REPORT NUMBER: 9/0240
MEETING DATE: 4/06/2019
AUTHOR: Director Governance and Regulatory Services, Chris Kelly
APPROVER: Acting Chief Executive Officer, Amelia Vellar

COMMUNITY PLAN
Governance: Council is trusted by the community and invests in things that the public value.

PURPOSE
This report seeks Council endorsement of the proposed Council By-laws review schedule.

KEY MESSAGES
• By-laws are rules that Council is empowered by the Local Government Act to make to provide good governance for the Palmerston community.
• Council By-laws may be made, amended or repealed by the Council.
• Council has five sets of By-laws and due to the time elapsed since they were last reviewed, it is recommended that Council commence a review of these By-laws.
• It is recommended that Council engage the Office of the Parliamentary Counsel to assist with the drafting of By-laws.
• Council staff have commenced preliminary work of the Palmerston (Animal Management) By-laws.
• Therefore, it is recommended that Council commence with a review of the Palmerston (Animal Management) By-laws.

RECOMMENDATION
1. THAT Report Number 9/0240 entitled By-laws Review Schedule be received and noted.

BACKGROUND
The regulatory functions of local government are guided by a variety of factors including specific By-laws. Proactively developing, reviewing and implementing these By-laws is a key function of Council.

As part of responsible governance, it is recommended that Council commence a review of its By-laws. Council’s By-laws have not been amended since 2004 at the latest. The current By-laws do not consider the changing needs of our community, which has grown significantly in that time, or changes in the way legislation is drafted. It also means that Council has not incorporated the outcomes of any judgements, reviews or challenges to its By-laws in that time.
This report outlines a timetable for commencing those reviews between now and the next local government election, scheduled for 28 August 2021. It is noted that not all of these By-law reviews will be completed during the term of the Council, however it is good practice to commence them.

**DISCUSSION**

By-laws are a series of rules established by an entity to regulate itself as allowed or provided for by some higher authority. In the case of Council, By-laws are rules that Council is empowered to make or amend under section 188 of the *Local Government Act*, to provide good governance to the Palmerston community.

By-laws are designed to reflect the expectations of the community, which are captured in the Community Plan. These include ensuring a safe community, trustworthy governance and supporting our local economy.

Within the Palmerston municipality and in the areas of responsibility Council is empowered to legislate, By-laws can be enforced with penalties, be challenged in court and must be consistent with other legislation.

By-laws may be made, amended or repealed on the initiative of Council.

Palmerston has five By-laws, and the table below outlines when they were adopted and when Council last amended them:

<table>
<thead>
<tr>
<th>By-Law</th>
<th>Last Amendment by Council</th>
</tr>
</thead>
<tbody>
<tr>
<td>Palmerston (Charges) By-Laws 1994</td>
<td>7 December 1994</td>
</tr>
<tr>
<td>Palmerston (Public Places) By-Laws 2001</td>
<td>25 November 2002</td>
</tr>
<tr>
<td>Palmerston (Procedures for Meetings) By-Laws 2003</td>
<td>7 January 2004</td>
</tr>
<tr>
<td>Palmerston (Signs, Hoardings and Advertising) By-Laws 1999</td>
<td>4 August 2004</td>
</tr>
</tbody>
</table>

The recommended order of review for the By-laws is outlined in Attachment A. As Council has already commenced a review of the Palmerston (Animal Management) By-laws 1999 it is recommended Council continue that process. This would then be followed by the Palmerston (Procedures for Meetings) By-Laws 2003. These two sets of By-laws have been identified as a priority due to the time since their last review and the importance in meeting Community Plan Outcomes of a safe community and trustworthy governance.

Council will also undertake a review of the *Palmerston City Advertising Signs Code* (the Code). This was adopted on 16 March 2004 and has been amended several times since then but is due for review. This review will be concluded by the next Council Election due on 28 August 2021. The Department of Local Government, Housing and Community Development have confirmed in writing that the Code is subordinate to the Palmerston (Signs, Hoardings and Advertising) By-Laws and does not require any approval from the Northern Territory Government. This review will occur at the same time as the review of the Palmerston (Signs, Hoardings and Advertising) By-Laws as they are related.

Council will consider the outcomes of By-law reviews recently undertaken by other Northern Territory Councils as they will capture latest practice and be acceptable to the Northern Territory Government. It is Council’s intention to use them as a basis and then customise as required. Council may also use subject matter experts and seek independent legal advice as required.
To assist all councils with the drafting of new, amending or repealing By-laws, the Department of Local Government, Housing and Community Development (the Department) currently has a Memorandum of Understanding with the Office of the Parliamentary Counsel (OPC) for the drafting of By-laws. The Department acts as an intermediary between Council and OPC, and assists councils, on request, in relation to By-laws.

In drafting By-laws, it is recommended that Council engage with OPC with the assistance of the Department. This will assist in ensuring that the By-laws meet Northern Territory Government requirements. If the By-laws do not meet Northern Territory Government drafting requirements, they would be returned to Council for further work until the By-laws meet the requirements. This is not the recommended approach and last time Council undertook this process independently, the outcome was that the By-laws were rejected due to inconsistency with other legislation.

Therefore, the following process outlined below is recommended for Council’s consideration:

1. Commence the process by holding a Council Workshop. The outcome of the workshop would be the Drafting Instructions which would then be presented to Council at the next available meeting to be adopted formally.
2. The adopted Drafting Instructions would then inform the drafting of new or amending By-laws by OPC. Council will have a drafting instructor to work with OPC and may engage the Department for assistance.
3. Once the drafting process is completed, Elected Members will then be asked to endorse the By-laws for the purposes of 21 days public consultation.
4. Following public consultation, and Council consideration of all written representations made by the public, Council will adopt the proposed By-laws (with or without changes), and they will be sent to the Minister for Local Government with a request for gazetting and tabling in the Legislative Assembly.
5. Unless there is a commencement date specifically mentioned in the By-laws, they commence on the date of gazettal.

Council will still seek independent legal advice as required to assist in the drafting process. This process may be revised depending on the requirements of each review process.

Council may wish to consider whether it consolidates all By-laws into one document. This is not recommended as it creates a large and unwieldy document and means that all By-laws must be reviewed at the same time, rather than progressively. This creates a significant workload for Elected Members, who may wish to consider each area of responsibility separately.

A separate report will be provided to commence the review process for each of Council’s By-laws.

**CONSULTATION PROCESS**

In preparing this report, the following external parties were consulted, and their feedback reflected in this report:

- Department of Local Government, Housing and Community Development

As part of the By-law development process, 21 days public consultation is required. Following consideration of all written responses, Council can adopt the By-laws and then they are submitted to the Minister responsible for local government.
POLICY IMPLICATIONS

Policies may be amended as required due to changes to the By-laws. Council will be advised of these implications as each individual review is undertaken.

BUDGET AND RESOURCE IMPLICATIONS

This report does not have any budget or resource implications as all work will be completed within existing funding and staff allocation. This includes external legal advice as required.

Changes to By-laws may impact on financial and human resources, these will be considered at the time of each review.

RISK, LEGAL AND LEGISLATIVE IMPLICATIONS

Section 188 of the Local Government Act empowers Council to make By-laws. Section 190 of the Local Government Act and Section 63 of the Interpretation Act outline the procedure for making By-laws.

When By-laws have been drafted to the satisfaction of Council, these sections require Council to publicly advertise proposed By-laws, consider written submissions on the proposed By-laws and then adopt them with a certificate from a legal practitioner certifying that the By-laws are legislatively compliant. In order to adopt By-laws, a special resolution of Council is required, which is a decision of Council supported by at least three quarters of the total number of members of Council. In the case of the current Council this is six votes.

Once they are adopted by Council, the By-laws are forwarded to the Minister responsible for local government who may either return them with amendments, or gazette them and table them in the Legislative Assembly. Once they are tabled, under Standing Order 176 of the Legislative Assembly, the Subordinate Legislation and Publication Committee will consider them within the period that they are designated to be tabled. This is a period of 12 sitting days. If the By-laws are not disallowed within that 12 sitting day period, they will commence on the date of gazettal or another date nominated in the By-laws.

As Council is required to work with external parties as part of this process, Council is unable to commit to a timeframe however will be able to commence a review of all By-laws within the current term.

There is a risk that the Northern Territory Government will not accept new or amending By-laws. This risk will be eliminated if Council engages OPC to draft Council By-laws and engaging the Department as required. OPC will issue the certificate from a legal practitioner certifying that the By-laws are legislatively compliant, as required under the Local Government Act.

The Department of Local Government, Housing and Community Development have confirmed in writing that the Palmerston City Advertising Signs Code is subordinate to the Palmerston (Signs, Hoardings and Advertising) By-Laws and does not require any approval from the Northern Territory Government.

ENVIRONMENT SUSTAINABILITY IMPLICATIONS

There are no environment sustainability implications for this report.

**DISCUSSION**

Council resolved that the terms for the position of Deputy Mayor to be for a term of five months and that method of appointment be as per Council Policy EM01 Elected Members.

At the Ordinary Council Meeting of 29 January 2019, Council resolved to appoint Alderman Henderson as the Deputy Mayor commencing 20 February 2019 to 20 July 2019 (inclusive). This period is now nearing completion.

Council now needs to nominate an Alderman as Deputy Mayor for the period commencing 21 July to 21 December 2019 (inclusive).

Any Alderman can nominate for the position, even those who have previously served a term.

**CONSULTATION PROCESS**

No public consultation is required for this matter.

The appointment of a new Deputy Mayor will be communicated to the community following this appointment.

**POLICY IMPLICATIONS**

Appointment of the Deputy Mayor is in accordance with Council Policy EM01 Elected Members.

**BUDGET AND RESOURCE IMPLICATIONS**

The Deputy Mayor receives additional allowances to that of any other member; however, this has been incorporated in the approved 2018/19 and draft 2019/20 Budget.

**RISK, LEGAL AND LEGISLATIVE IMPLICATIONS**

The appointment of a Deputy Mayor is required by the Local Government Act. The appointment will come into effect as of 21 July 2019.

**ENVIRONMENT SUSTAINABILITY IMPLICATIONS**

There are no environment sustainability implications for this report.

**COUNCIL OFFICER CONFLICT OF INTEREST DECLARATION**

We the author and approving officer declare that we do not have a conflict of interest in relation to this matter.

6.2 NT Alcohol Policies and Legislation Review

Discussion
Members asked that a request be sent to the Chief Minister for a meeting, not just on alcohol but on a raft of different issues such as:
- both regional and municipal council concerns around alcohol
- unmanned police stations in remote communities
- how people are assisted when alcohol is involved in a community and there are no police on the property
- after hours calls to police going to a call centre in Darwin
- obtaining drivers licences and motor vehicle registrations
- remote housing and suitability for communities
- local decision making.

It was suggested that LGANT request a meeting either directly before or after the Legislative Assembly Estimates Committee Hearings in June 2019 when the Chief Minister is likely to be in Darwin.

Action
1. LGANT to write a letter to the Chief Minister seeking a meeting with principal members.

RESOLUTION
That the Executive confirms it wishes to hold a meeting of council Mayors and Presidents with the Chief Minister to discuss a raft of issues.

Moved: Mayor Edgington
Seconded: Mayor Miller

6.4 Review of the Local Government Act
Discussion
Members discussed changes to the Local Government Act and asked for the following issues to be included in the LGANT submission:

- that all elected members report on their campaign funding, not just principal members
- that disciplinary hearings include an independent person on the panel
- that a LGANT panel includes a legal person/lawyer
- councils to be able to order that a person make an apology
- councils to be able to order a person to attend training, mediation or counselling
- LGANT can confirm or deny what a council has done.

RESOLUTION
That the Executive endorses the various proposed amendments to the Local Government Act to be incorporated into a LGANT submission.

Moved: Mayor Miller
Seconded: Alderman Haslett
Carried

Bobby Wunungmurra joined the meeting 8:47am

6.5 Eligibility for Election as a Member of Council
Discussion
Members were told that the only check the NT Electoral Commission does on candidates prior to an election is to make sure they are on the electoral roll. All other checks are done after an election. It was suggested that there be a longer period between the close of nominations and an election.

Action
2. LGANT to invite the NT Electoral Commissioner to attend a meeting with the Executive to discuss this and other issues.

RESOLUTION
That the Executive invites the NT Electoral Commissioner to address the Executive on the subject of eligibility for election as a member of council.

6.10 Renal Dialysis in Remote Areas
Discussion
Members asked that LGANT follow up on the below actions.
Action

6. LGANT to:
   - request financial assistance from Menzies School of Health to do the work in this area
   - suggest that in remote areas this should be done in partnership with NT Health
   - ask regional councils to do an audit of stores in their communities to see who impresses this message
   - send a letter supporting the work that Menzies School of Health is doing and for councils to be involved.

RESOLUTION
That the Executive endorses councils providing information supplied by Menzies and Department of Health to residents that can help raise awareness about actions that can prevent renal problems in adults.

Moved: Alderman Pangquee
